Taft And Truman Still Formidable, Opponents Admit

By MARVIN L. ARROWSMITH
WASHINGTON—(AP)—Political opponents of President Truman and Sen. Taft ranked them today as "still formidable" adversaries despite the New Hampshire Presidential primary victories scored by Sen. Kefauver and Gen. Eisenhower.

Kefauver, Tennessee Democrat, upset Truman in Tuesday's Granite State contest. And Eisenhower swept over Ohio's Taft on the Republican ticket.

"Say what you want about Harry Truman, he's a fighter, especially when he's hurt—and he's fighting now," said Sen. Aiken (R-Vt.).

Aiken is anti-Truman. He has not announced his choice for the GOP presidential nomination.

Teenage Orgies Will Be Bared

GRAND RAPIDS, Mich.—(AP)—Kalamazoo and Battle Creek and military authorities at Ft. Custer have offered to co-operate with police here in a sweeping probe of alleged sex and drinking orgies among teenagers.

Police said 250 boys and girls were involved in a wave of parties in southwestern Michigan.

Two more young men were arraigned yesterday on charges growing out of the probe.

Wayne Kelly, 23, of Grand Rapids, demanded examination when arraigned in municipal court on statutory rape charges.

Charles M. Cressell, 19, of Grand Rapids was arraigned in police court on two counts. He demanded examination on a statutory rape charge involving a 15-year-old girl. He pleaded innocent to a charge of contributing to the delinquency of a 16-year-old girl.

Meanwhile, Mrs. Iva Timmis, a Kalamazoo policewoman, visited juvenile division offices here. She said she would begin a thorough investigation of reported drinking parties in Kalamazoo hotels involving juveniles.

Two 15-year-old girls and two 17-year-old girls have admitted having parties in a Kalamazoo hotel, a Battle Creek hotel and a Comstock, Mich., motel, police said.

Germ Warfare Charges Aired

GENEVA, Switzerland—(AP)—The International Red Cross committee said today it has agreed—conditionally—to investigate Communist charges that U. N. forces are waging germ warfare against Communist troops in Korea.

U. S. Secretary of State Dean Acheson asked the investigation. He has denied the Red charges.

Paul Ruegger, president of the Red Cross committee, said the Red Cross societies of Hungary, Poland, Romania and Bulgaria also had sent protests to the committee against alleged use of bacteriological weapons in Korea.

Ruegger sent identical messages to Acheson, Korean Communist Prime Minister Kim Il Sung, and Gen. Pengte Huah, commander-in-chief of Chinese Communist troops in Korea, saying the committee would investigate the germ war charges if it is "assured of co-operation of authorities on both sides of the front."

Ruegger's message to both sides noted the United States has denied using germs to start reported epidemics of bubonic plague and other diseases in North Korea.

His message said the United States asked the investigation to find the "real causes, nature and extent of epidemics" in North Korea.

Senate Votes More Cash For Age Pensioners

LANSING—(AP)—The Michigan Senate today began a second fight to soften the attitude of the federal social security board toward old age pensioners.

The chamber unanimously passed the Hittle bill to permit old age pensioners to earn another \$12 a month. Senator Harry F. Hittle (R-East Lansing) said his bill would permit them maximum grants and earnings of \$86.50 a month.

Old age assistance cases, who may draw maximum grants of \$60 a month, now are allowed by federal rule to earn another \$12 a month. Senator Harry F. Hittle (R-East Lansing) said his bill would permit them maximum grants and earnings of \$86.50 a month.

Hittle said he was aware that this violated federal rules and risked a shutdown of federal grants to Michigan. But he said he wasn't worried about that happening.

Michigan Leads Way
"Once before," he said, "this Senate pioneered in demanding that the federal government permit old people to earn a little money without losing their old age grants. The federal government said they would cut off our grants if we passed the bill."

"We passed the bill anyway and they got the attorney general to declare it unconstitutional. But soon after they modified their

Milwaukee Road Wants Channing-Ontonagon Trains Discontinued

LANSING—(AP)—The Chicago, Milwaukee, St. Paul and Pacific railroad yesterday appealed to the Ingham county circuit court to upset a state public service commission ruling ordering the road to continue train service between Channing and Ontonagon in the Upper Peninsula.

The commission had ruled that discontinuance of the one train a day between the two points would mean a hardship to Upper Peninsula residents.

The railroad yesterday entered new evidence to support its claim that it is losing money on the service.

Test Vote On Taxes Sought In November

By JAMES A. O. CROWE
LANSING—(AP)—If a popular vote on calling a constitutional convention is ordered for November, Republicans will try to make it a test of the people's feeling on new state taxes.

G. O. P. leaders yesterday jammed through the House a bill calling for the vote. The 59-29 vote followed strict party lines.

In an unusual move, Speaker Victor A. Knox (R-Sault Ste. Marie) descended from the rostrum to battle the measure through on the floor.

"If the people do not approve of calling a constitutional convention," he said, "it will mean they are asking for new taxes."

He explained that legislative leaders felt the stranglehold that the sales tax diversion amendment has on state finances can not be broken without a complete revision of the constitution.

He inferred that if this stranglehold is broken, the state deficit, now estimated at \$42,000,000, could be wiped out without imposing new taxes.

He claimed that opposition to new taxes is universal "except for the man in the front office." He referred to Governor Williams who has long advocated a corporation profits tax.

Knox added that many representatives of schools and cities, the chief beneficiaries of the sales tax diversion, favor constitutional revision.

New Haven Police Chief Arrested As 1944 Army Deserter

MT. CLEMENS, Mich.—(AP)—The police chief of New Haven, eight miles northwest of here, was under arrest today as a 1944 army deserter.

FBI agents said the wanted man is Ray Sturgess, who has lived in New Haven since 1946 under the name of Russell E. McIntyre.

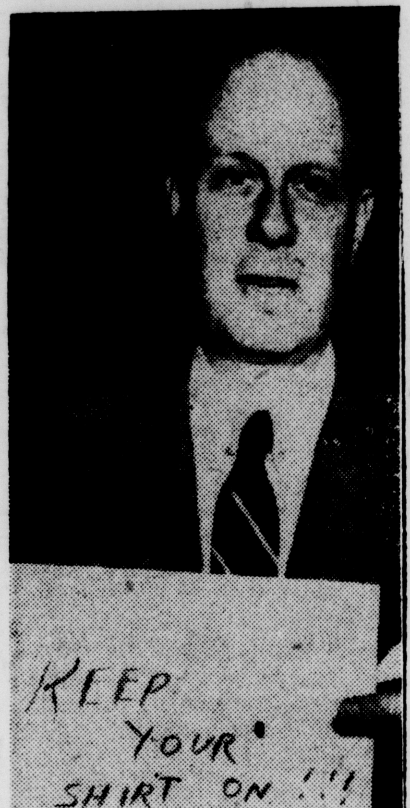

As McIntyre he joined the village police force in 1948 as a patrolman and became chief in 1950.

Economy Of Ireland In Critical Shape

DUBLIN, Ireland—(AP)—Finance Minister Sean MacEntee warned the Irish last night their country's economy is in a highly critical state and said he would impose sharp import cuts in his budget April 2.

He told the Dail (Parliament) the country had gone \$434 million dollars in the hole on foreign trade since 1947 and that about one third of the deficit was run up last year alone.

Pontiac Banker Admits Thefts

DETROIT—(AP)—Leo P. Atkins, 51, former assistant vice-president of the Community National Bank of Pontiac, was at liberty under \$5,000 personal bond today to await sentencing for embezzlement.

Atkins pleaded guilty in Federal Court here yesterday to a specific charge of taking \$8,517. He was accused of embezzling \$19,362.

Judge Theodore Levin, who authorized Atkins' release on bond, deferred sentencing pending a probation report.

Atkins, an employee of the bank for 19 years, blamed the embezzlement on inability to support his five children on a salary of \$6,800 a year. The distinguished-looking banker had been active in Pontiac civic affairs and fund-raising drives.

He could be sentenced to 20 years on the four counts returned against him by the grand jury.

Atkins took money from customers who wanted to buy stock and pocketed it without recording the transaction in bank records, federal officials said. One customer was even paid dividends to hide the embezzlement, officials said.

Turks Help Stop Communist Rush On Korean Front

By SAM SUMMERLIN
SEOUL, Korea—(AP)—American and Turkish troops stopped a Red assault battalion in its tracks last night in the heaviest Communist attack in a month. A U. S. 25th division officer said today 200 of the 750 attacking Reds were killed or wounded.

The Communists struck behind a heavy artillery barrage against the U. S. 35th regiment and Turkish brigade in the eastern mountains near Heartbreak Ridge.

Assault waves came in three prongs along a 2½-mile front. But, a division spokesman said, "they got nowhere."

Communist Hunters Leave Detroit, But Job Isn't Finished

BY FELIX B. WOLD
DETROIT—(AP)—The House Un-American Activities Committee's investigation of Communism in Michigan left behind mingled feelings today.

Further, the hearing was still unfinished.

With several subpoenaed witnesses still to be heard from, there will be another session in Washington or here in Detroit again.

It will depend on which is the less expensive, said Subcommittee Chairman Wood (D-Ga.). He said the windup would be scheduled for the "very near future."

Union Dissatisfied
The inquiring Congressmen heard informal statements of dissatisfaction from a CIO United Auto Workers group last night.

At the same time committee members said they had succeeded in their purpose—that of "exposing" Communists.

In the voluminous records were the names of probably 250 persons who had been named by "cooperative" committee witnesses as members of the Communist party.

According to the committee, the party is a "conspiracy" against this country.

Slayer At Mass Badly Wounded

MASS, Mich.—(AP)—A middle-aged farmer who shot himself through the roof of the mouth after slaying his wife and three children could not be questioned today about the tragedy.

Jahner Store was found yesterday lying critically wounded in the kitchen of his home. His wife, Thelma, 38, lay dead in the front doorway; a daughter, Dorothy, 17, was in a downstairs bedroom and Norman, 12, and Sharon, 10, were in their beds upstairs.

All had been shot to death with a .22 rifle. The rifle was found near Store, who had shot himself once in the mouth and once in the chest.

Ontonagon County Prosecutor, Donald Munro said Store had returned home a week ago after undergoing treatment for a nervous disorder at a hospital in Hancock.

It was believed Store killed his family in a fit of despondency over his illness. The two younger children had been shot as they slept. Dorothy's body was clad in undergarments. Her outer clothing was found in the bullet-pierced family car in front of the house.

Rep. Potter Invited To Tell Legislature About Communists

LANSING—(AP)—The Senate has invited Rep. Charles E. Potter (R-Mich) of the House Un-American Activities Committee to address the Michigan legislature—if he does it before he announces as a candidate for the Republican nomination for U. S. senator.

The chamber asked Potter to appear March 20 at a joint House-Senate meeting, but Senator Edward Hutchinson (R-Ferndale) said it should be specified that Potter not have announced his candidacy at that time.

Republican senators said they wanted to hear about "Communism, its threats and dangers" from Potter, member of a subcommittee holding hearings on Communism in Detroit.

Income Tax Exemption Of \$1,000 Proposed

WASHINGTON—(AP)—Rep. Cole (R-NY) proposed today that the federal income tax personal exemption be raised from \$600 to \$1,000.

Cole announced in a statement that he was introducing such legislation. He said it is "long overdue" because of the constantly rising cost of living and "the tremendous cost of the present government."

Air Collision Kills 15 B-29 Crewmen

SAN ANTONIO—(AP)—Two B-29 Superfortresses whose pilots couldn't see where they were going while flying on instruments collided and carried 15 crewmen to their deaths in the hills of south central Texas yesterday.

One bomber plunged to earth and shattered, scattering fragments and bodies over a five-mile area. The other glided down several miles away, exploded and burned.

The planes were on training flights from Randolph Air Force base here. They were being flown mechanically and the pilots cabins were blacked out, according to Lt. Bill Adams, public information officer at the base.

One plane carried seven men and the other eight, the Air Force Base said. Normally a B-29 combat crew consists of 11 men.

The shattered plan crashed on a hilltop on the Gus Krause ranch. The other glided down near a small landing strip on the ranch of J. W. Heard, San Antonio oil man.

D. C. McDonald, superintendent of a nearby ranch, said he saw the planes flying in formation.

He gave this account: "Suddenly one creased over and apparently clipped the tail section from the other plane. One plane went down and the other kept on flying on level keel, with good altitude as if undamaged. No one jumped. The plane came in low over a windmill on the Heard ranch, just barely missing it. Suddenly the left wing dipped and went into the ground. The right wing cut off a huge tree. The plane plowed several hundred feet and the four motors were found on a hilltop several hundred feet away."

Ford Union Officers Face Removal For Hiding Communists

By FELIX B. WOLD
DETROIT—(AP)—Heads of the CIO United Auto Workers' big Ford Local 600 faced a threat of ouster today.

The union's International, acting on the heels of the House Un-American Activities Committee inquiry, accused Local 600 officers of failing to enforce union restrictions against Communists.

Reds Control Local
The charge constituted a sensation in union circles. It is without precedent in the UAW.

Apparently it was an outcome at least in part of the committee's inquiry.

Witnesses, including UAW-CIO men, had testified that Ford Local 600, world's largest union local with 60,000 members, is under control of Communists.

Since its organization in 1941, climaxed by the 13-day union recognition strike against the Ford Motor Co., Local 600 has been one of the UAW's greatest bulwarks.

The UAW International executive board, headed by President Walter P. Reuther, acted against the Local 600 leadership last night less than four hours after the Un-American Activities Committee adjourned its hearing.

Local 600 officers were accused of causing "irreparable damage" by failing to enforce the UAW's constitutional restrictions against Communists. They also were accused of disobeying union policy.

All were ordered to a hearing before the executive board Friday to show cause why an administrative should not be appointed for the local.

This would mean removal of the officers. It is a disciplinary step which has seldom been taken by the 1,250,000-member auto union.

Tavern And Alleys Rebuilt After Fire Burned Up Again

GRAYLING, Mich.—(AP)—Harold MacNeven, who rebuilt his bowling alley and tavern after a fire three years ago, saw it destroyed again by flames last night.

MacNeven set loss to his place, Spike's Keg-O-Nails, at \$150,000. Some 40 persons escaped without injury when the fire broke out, apparently from a furnace explosion.

Firemen from Grayling, the Michigan National Guard here and Grayling Air Force base fought three hours to extinguish the blaze.

President Says Nothing About Running Again

BY ERNEST B. VACCARO
KEY WEST, Fla.—(AP)—President Truman today hid behind an outwardly cheerful countenance any possible bitterness and disappointment over his stunning defeat in New Hampshire by Sen. Estes Kefauver of Tennessee.

Intimates told newsmen he has said little even to them of the blow that befell his prestige in Tuesday's Democratic presidential preference primary.

Angry At Party Chiefs
They wouldn't talk for quotation. The only official word from Truman's vacation camp was Presidential Secretary Joseph Short's assertion the New Hampshire defeat will have absolutely no effect on the President's ultimate decision whether to run again.

Some of these intimates privately made no effort to hide their own anger at party leaders in New Hampshire who persuaded the President to allow his name to remain on the ballot there after he had announced he would ask its withdrawal.

The President had opposed having his name entered in any primaries. But he was persuaded to change his mind by party leaders in New Hampshire who had the support of Democratic national chairman Frank E. McKinney.

Harder To Bow Out
The argument apparently was made that the Truman slate of delegates could carry the state. And the President was told the delegates wanted to make the race.

"It is always a mistake when the President is persuaded to do something against his own political judgment," one aide said.

The defeat in New Hampshire now makes two things more difficult for the President.

1. He may find it harder to bow out, should that be his desire, than he would have before. If there is one phrase which identifies his political philosophy more than any other it is his frequent declaration "I never ran away from a fight in my life."

2. The New Hampshire upset could make his comeback fight more difficult than it would be had he kept his name out of the contest. And it could change the minds of some who have been insisting that he make the race for re-election.

No News Conference
The President's advisers at the same time sought to discount the

Iron Mountain Man Named On Defense Contract Commission

LANSING—(AP)—Governor Williams today appointed an Upper Peninsula man to the State Emergency Defense Contracts Commission.

He is George Wallner, owner of the Michigan Manufacturing Co. at Iron Mountain.

Williams said he had hesitated to ask anyone from the Upper Peninsula to serve on a commission in Detroit but that since Iron Mountain has been designated a critical unemployment area he felt the step should be taken.

Fr. Stehlin Of Bark River Dies

Rev. Fr. Neil Stehlin, 50, pastor of St. George's Church of Bark River, died this morning at 2 in St. Francis hospital, where he had been a patient for the past two weeks. He had been ailing for the past year.

Born April 17, 1892, in Hancock, Mich., he spent his youth there and attended Hancock schools. He entered St. Francis Seminary at Prairie du Chien in 1913. He was graduated in 1924 and ordained at St. Patrick's Church of Hancock on May 24, 1924.

His first assignment was St. Patrick's Church of Escanaba. After serving here for a year, he went to the Cathedral in Marquette. Later he was transferred to St. Paul's Church in Negaunee. In 1930 he was assigned to St. John's Church of Gwinn. He came to Bark River and administered to St. George's parish from 1940 until his death.

Surviving are two brothers, Edward Sr., Hibbing, Minn., and John, Superior, Wis., and two sisters, Mrs. Forrest Bailey, Superior, Wis., and Mrs. Cecil White, Metz, Mich.

A fluent speaker, he was called upon to speak for many occasions in towns of the Upper Peninsula. The body was taken to the Boyle Funeral Home in Bark River. Funeral arrangements are incomplete.

Sgt. Pugh Home From Africa And Tests Of Eclipse

GRAND MARAIS—Sgt. John Pugh of the 6531st Flight Test Squadron, Rome, N. Y. is spending a fifteen day furlough with his mother, Mrs. Irwin Pugh, Grand Marais.

Sgt. Pugh returned recently from a trip to Africa where continuing the efforts of the Air Research and Development program, the Rome Air Development Center in co-operation with the Cambridge Research Laboratories conducted photographic, high altitude and ground experiments during the Feb. 26 solar eclipse. A plane crew of nine men and six engineers in a B-29 flew to Dhahran Air Force Base from which the experiments were carried out. Instrumentation for the tests had been completed by the 6531st Flight Test Squadron RADC.

The path of totality of the eclipse crossed North Africa in a rough northeastern direction from the Gulf of New Guinea to Port Sudan. The area covered by the RADC group was 100 miles in length around the Red Sea. The Red Sea area was chosen because of the opportunities the site afforded. The total eclipse was about three minutes which is exceptionally long. Total eclipses usually last but a few seconds. Studies were made to determine the effects of solar radiation on atmospheric conditions relative to Air Force Studies.

First Ship Docks At Detroit; Winter Weather Returns

(By The Associated Press) Winter weather returned to Michigan today, only a few hours after the opening of the navigation season in Detroit.

A light snowfall hit much of the state but temperatures mostly were just above or just below freezing. Warmer readings with rain in some areas were expected to follow.

The auto carrier T. J. McCarthy became the first ship to dock in Detroit this season when it pulled into the harbor Wednesday. It had sailed for Cleveland early Monday shortly after the auto carrier Mataafa of the Nicholson Transit Co. opened the Detroit River traffic.

The Automobile Club of Michigan reported highways in the state slippery in spots, especially around Detroit, Jonesville and Rockford. The State Highway Department said M-13 was flooded by the Cass River in Saginaw county but still passable.

Rev. David Spelgatti

Rev. Spelgatti, Holy Name Head

The Rev. David P. Spelgatti, Marquette, editor of the Northern Michigan edition of Our Sunday Visitor, has been appointed director of the Holy Name Society for the Marquette Diocese, succeeding the Rev. Emil J. Beyer, Newberry, who has resigned from the post.

The appointment was made by the Most Rev. Thomas L. Noa, D.D., bishop of the diocese.

Father Spelgatti was ordained in June, 1941, and since November, 1945, has been attached to the staff of the Northern Michigan edition of Our Sunday Visitor, the diocesan newspaper. He is a native of Negaunee.

In mid-May a series of deanery meetings will be held between the clergy of Upper Michigan and representatives of the parish units relative to the formation of a Diocesan Holy Name Union.

The Holy Name Society is formally established in many parishes of the diocese and the membership is comprised of men from all walks of life. The primary aim of the society is spiritual and aims at "inculcating in men a greater reverence for the Name of God."

"It shall be our object," Fr. Spelgatti stated, "to assist men to better understand and practice their faith. If men do this we need never worry about their families."

The Holy Name Society was formally launched Dec. 1, 1924, and established by Papal decree April 13, 1964. The Order of Preachers, Dominicans, have fostered its growth since 1274.

Joseph Miron, 50, of Rock Rt. 1, yesterday pleaded guilty in Justice Henry Ranguette's court at Escanaba to a charge of driving while under the influence of intoxicants and was sentenced to pay a \$50 fine and costs of \$5. His operator's license was revoked.

State Police of Gladstone arrested Miron Tuesday night on US-241 just west of Escanaba city limits.

Randall J. Maynard of Garden, passenger in the Miron car, was charged with being drunk and disorderly. To his plea of guilty Justice Ranguette sentenced him to serve 15 days in jail when he failed to pay a fine of \$10 and costs.

Iron River Resident Escapes Death In Chilean Boat Crash

SANTIAGO, Chile — (AP) — Gilbert G. Williams of Iron River, Mich., escaped death yesterday as two U. S. civil engineers and two Chileans drowned when their small boat crashed into a sandbar on the Aysen River in southern Chile.

Williams was the third member of the American party employed by the Inter-American Geodetic Survey.

The three Americans and three Chilean employees of the IGC were thrown into the swirling torrent when their motor launch struck a sandbar. All managed to stay afloat by clutching a gas tank of the craft, but before help arrived, two of the Americans and one of the Chileans lost their grips and drowned.

Spurned Suitor Kills Muskegon Divorcee, Turns Gun On Himself

REED CITY, Mich. — (AP) — Albert Cramer, 40, of Grand Rapids, was in a critical condition today from a self-inflicted bullet wound after shooting to death a Muskegon divorcee who spurned his offer of marriage, police said.

Mrs. Eleanor Cooper, 37, was shot to death last night at the home of her brother, Arvid Nelson, three miles northwest of Le Roy in Oscelola county.

Her 14-year-old boy, "Sunny,"

and a 7-year-old niece, Carol Nelson, saw her slump to the floor from a bullet wound in the back.

Fragments of a 32-caliber bullet struck Carol in the right side but she was not believed to be seriously wounded. Mrs. Cooper's sister-in-law, Mrs. Genevieve Nelson, gave police this account of the shootings:

Cramer, who was divorced two days ago, had been going with Mrs. Cooper since last summer.

MICHIGAN Starting SUNDAY

They went to the Nelson home for dinner last evening.

Cramer was sulking, refused to eat and went upstairs. Mrs. Cooper followed him shortly afterward. Mrs. Nelson told Sheriff Fay Wooster she also went upstairs

when she heard Cramer and Mr. Cooper quarreling.

"I heard Eleanor shouting for help and when I got upstairs I saw him shoot her and then shoot himself," she said.

Cramer had urged Mrs. Cooper to marry him, Mrs. Nelson said.

Teachers' Pay Scale Boosted

Higher starting salaries, annual increases, and higher maximums are provided in a new teachers' salary schedule for 1952-53 adopted last night by the Escanaba Board of Education.

Approximately 122 teachers will be affected by the change, and with all salaries (including administrative, clerical and custodial) the total increase for the coming year is estimated at \$46,500. Under the new schedule the starting salary for teachers will be increased from \$2,700 to \$2,800.

Increase Top Salaries
The maximum for women teachers with an A. B. degree will be increased from \$3,400 to \$3,800, and with M. A. degree from \$3,500 to \$3,900, both at the 11th year of experience.

Maximum for men teachers will be increased from \$3,700 to \$4,100 for those with an A. B. degree; and from \$3,900 to \$4,300 for those with an M. A. Degree.

Teachers who are employed in extra-curricular activities receive additional compensation; and credit is allowed for military service as experience on the salary schedule step system.

The coming school year was established unchanged at 38 weeks.

Enrollment Going Up
George Ruwitt, assistant superintendent, reported to the board that at least three and possibly five additional teachers will have to be hired next year to care for the increased enrollment.

There will be heavy enrollment in the kindergarten; plans must be made for an additional First Grade; and probably one more Fifth and Sixth Grade, the board was advised.

The total estimated budget for 1952-53 based on the salary schedule adopted by the board last night will be about \$618,000. Of this total an estimated \$487,000 or 80 per cent will be for salaries and the remainder for other costs.

Anticipated income in 1952-53 is estimated at \$588,775 or about \$30,000 short of meeting budget requirement.

Marinette Board Asks Closed Deer Season For 1952

MARINETTE—Marinette county board of supervisors voted Tuesday, 20 to 10, to recommend to Wisconsin Conservation Department in Madison that Marinette county have a closed deer season in 1952.

Some supervisors argued the deer herd was depleted this year and a closed season is necessary, while others argued for a one-buck law to replace the present any-deer law which permits doe shooting.

James McNellis, Marinette, Dies; Funeral Friday

James McNellis, 67, of 1328 1/2 Merryman St., Marinette, a resident of that city over a half century, died Tuesday in Marinette General hospital following a lengthy illness.

Services for Mr. McNellis, who was widely known in Escanaba, will be held Friday at 9 a. m., at Our Lady of Lourdes church with the Rev. Leo Courtney officiating and burial will be in Forest Home Cemetery. Escanaba relatives who will attend the services are Mr. and Mrs. Fred Clish, Miss Margaret Patton and Mrs. Arman Weber.

Mr. McNellis, who retired in 1940, spent most of his active life in the lumbering industry.

He is survived by one sister, Mrs. Rose Burney of Duluth. Another sister, Margaret, died Dec. 18, 1946.

The body will be at the McLain-Thielen-Langer Funeral Home until the time of the service.

Fr. Paiement Dies At Age 56

Father Walter Paiement, member of the Norbertine Order, and a former resident of Gladstone, died yesterday at the home of his brother-in-law and sister, Mr. and Mrs. William D. Valind, Marinette. He had been ill seven years and had made his home with the Valinds the past three years.

He was born at Champion in 1896 and entered St. Francis Seminary in Milwaukee when he was 15. He transferred to St. Norbert's College at West DePere, Wis., and was vested at St. Joseph's Shrine in 1916. He made his simple profession in 1918 and his solemn profession and ordination to the priesthood took place at St. Mary's Church in Green Bay Dec. 10, 1921. He celebrated his First Solemn Mass two days later in his home parish, All Saints' Church, Gladstone.

He continued as a teacher at St. Norbert's until 1928. He also served as athletic director there. Later he began studying for mission work at the Catholic University in Washington, D. C. From 1929 to 1933 he preached missions. Nov. 28 of the latter year he was appointed pastor of St. Louis Church at Dykesville, Wis. He remained there 14 years, retiring from the pastorate because of illness.

He leaves three sisters, Mrs. Valind, Sister Agnes Rita, O. Praem. of Chicago, and Mother Mary of Blessed John Forest, Detroit.

Funeral services will be held Saturday at 10 a. m. at St. Joseph's in DePere and burial will be in the private cemetery of the Norbertine Fathers. The Most Rev. Bishop Stanislaus Bona and the Rt. Rev. Abbot Killeen of the Norbertine Fathers will take part in the funeral rites. The body will be in state at the parish church at Dykesville from 6:45 tonight until after a 10 a. m. mass Friday, and will be in state at St. Joseph's in DePere from 3 to 6 p. m. Friday, and later at the Ryan Funeral Home, DePere.

1,615 Children Immunized In '51

A total of 1,615 immunizations were given to Delta county children at weekly clinics held in the Escanaba Health Center during 1951 according to figures recently compiled by the Delta-Menominee District Health Department.

The clinic, held in 46 weeks last year, were attended by over 2,200 children, William C. Harrison, MD, director of the district health department, reported. The immunizations included those of diphtheria, whooping cough, tetanus, typhoid, triple antigen, tuberculosis, cholera and smallpox vaccinations.

During 1951 the nursing staff of the department performed 5,984 services to families in the Delta-Menominee health district. They made 770 visits to schools in the area. Physical examinations of 626 school children were conducted in 201 school clinics.

Dr. Harrison reports there are now 401 crippled children registered with the department and 46 children registered with heart diseases.

A total of 238 disease cases were reported during the year—cancer and chicken pox being the most prominent and poliomyelitis listed for four cases. A mobile X-ray unit was in the county in October and November with 8,698 films taken in the chest survey.

Deaths of county residents were reported at 347—224 male and 123 female. Live births numbered 819 among resident families, of which 451 were female and 447 male.

Congratulations To Spelling Champions Of Escanaba High

CONGRATULATIONS to Conrad Desjardis, the new spelling champion of the Escanaba High School. Congratulations, too, to Mabel LeDuc, the junior class champion, and to Barbara Morin, the sophomore titlist.

Those of us who work with words are particularly conscious of spelling—or at least we should be. It has been said, probably without basis, that the spelling standards of today's youth are below the standards of past generations. Frankly, we do not know whether that charge has any basis in fact but we are inclined to doubt it. For one thing, today's youngsters are confronted with thousands of new words, words that were not in the language of past generations.

The advancements in all branches of the sciences have brought forth words now in common usage that were entirely unknown 20 years ago. If those of us who were in high school 25 years ago had to wrestle with these words, we doubt that we would have passed the first round in the spelling bee.

As a matter of fact, come to think of it, we had a lot of bum spellers then and, as

Red Cross Can Make Wishes Come True

THE six-year-old girl of Narvik, Norway, would like to know that her last wish came true.

From the talk of her parents, the child had learned of the suffering of the war-waifs of Korea. She, who knew what suffering could be.

For some time she thought it over, and when one day she asked her mother and daddy if she couldn't send the Korean children some clothes. Before anything could be done about it, she died.

Remembering their child's wish, the mother and father asked persons coming to the funeral to bring children's clothes instead of flowers.

There came 20 woolen sweaters and nine woolen scarfs. They were sent to Korea by the Norwegian Red Cross.

The story of the child of Narvik has a strong appeal in the confused world of today. We like to know of the simple, good things that people wish for others. We like to know of people who make those wishes come true.

And we wish, all too momentarily perhaps, that we could do more such things ourselves. We can.

The Red Cross of Norway, which sent the clothing to Korea, is but one of 68 such Red Cross societies throughout the world which do countless such deeds daily.

One of these societies, and one of the greatest, is our own American Red Cross.

Its big job now is helping to ease the shocks and the pain of war for our fighting men and their families. It serves as a counseling friend of the serviceman with troubles. It provides the necessary financial help for the serviceman and his family.

At the same time it is the one greatest source of help for disaster-stricken victims of floods, fires, storms—who are unable to help themselves.

Remember the great Kansas and Missouri floods of last summer? Thousands of men, women and children of that flood area know what Red Cross help means. The organization spent more than \$12,000,000 in that one relief operation—all of it on people, the people who actually had suffered and who couldn't get back on their feet without help.

American Red Cross help goes all over the world—equipment for a children's tuberculosis hospital in Italy; food for flood-sufferers of India; food and medicine for earthquake victims in South America.

Still, it and its sister societies are never too big or too busy to help make come true the last wish of a little girl in Norway.

The Red Cross can make lots of such wishes come true—your wishes. A contribution to the organization's current fund drive can insure the granting of yours.

we recall it, our parents reminded us all too frequently that the spellers of our generation were dubs compared with the spellers of their generation.

Spelling the English language is extremely difficult. Even such a simple word as "to" can pose a problem in spelling when it can be confused with "two" or "too," words which sound the same but have different meanings.

And from what we have seen in billboards, magazines and even in newspapers, the majority of Americans still do not know when to spell "its" and when to spell "it's."

Delaying Ice Breaking Helps Fishermen

ICE breaking operations in the Escanaba harbor annually are extremely interesting to local residents. In a sense the opening of the harbor is a harbinger of spring. And, of course, to ore dock workers and ore train crews, it means the beginning of another busy season.

But to local fishermen the opening of the harbor is not so welcome. This is the season of the year when smelt fishing through the ice brings the heaviest returns. Each day that the harbor opening can be delayed means thousands of dollars to commercial fishermen.

The decision to delay the ice breaking in Escanaba for several days until Tuesday of next week is good news to local fishermen. It is not bad news for ore dock workers, either, as it is apparent that it will be some time yet before the first boatload of iron ore moves across the local docks into the yawning holds of ore carriers.

DON'T MISS IT
(Marquette Mining Journal)

Harold Christensen, president of the Marquette Chamber of Commerce, pointed out that it has been many years since Marquette citizens have had an opportunity to welcome a new industrial plant. That opportunity comes Wednesday night at the annual dinner meeting of the Chamber in Lee Hall of Northern Michigan college and The Mining Journal heartily supports Christensen's appeal to all citizens to attend.

The new plant is the one erected by the Marquette Veneer company, officers of which will be guests at the Chamber dinner. The Veneer company is a substantial concern, one which undoubtedly will become a major factor in providing employment in this community. It will have a large payroll when it begins operations and it is expected that it will grow steadily.

Wednesday's after-dinner program will be especially interesting because representatives of the Veneer company will describe the new plant and its products and give Marquette citizens a clear conception of its economic importance in this community.

If you are interested in the economy of Marquette and in its industrial development, attend the Chamber dinner Wednesday night. Learn the facts about the Marquette Veneer Co. and give its representatives the kind of welcome they most certainly deserve.

The Doctor Says . . . Stuttering Is Believed To Be Caused By Nervous Disorders

BY EDWIN P. JORDAN, M. D. — Written for NEA Service

Mr. A. writes: "I stutter, and sometimes it is very difficult for me to speak. I have tried to talk slower and think before I talk. Neither one seems to work, so I would like to know what you think I should do."

This reader is perhaps typical of the 1,300,000 others in the United States who are estimated to stutter. Now, stuttering or stammering as it is sometimes called, is a real handicap, but one which most who are properly treated, learn to surmount. It is considered to be a nervous or emotional disorder. The exact cause is not known.

Probably, some children are born predisposed to the disorder; that is, they may be called a "stutterer-type." Stuttering is not inherited, but the nervous constitution which makes for susceptibility to this speech difficulty is probably inborn.

Sex plays some obscure part as there are nearly five times as many boys who stutter as there are girls. Children of the "stutterer-type" may live for a long time without developing any speech defect, unless they have some shock or accident which upsets their nervous system. Then something happens which brings out the difficulty for the first time.

There are two stages in the development of stopping the trouble are much greater in the first stage than before anxiety and feelings of inferiority have developed. A stuttering child should never be punished with a hope of breaking him of the habit.

The youngster can't help it!

The treatment at this stage is principally to slow down the pace of living and remove as much excitement and tension as possible.

Family quarrels, games or amusements which are too exciting, and similar stimulations should be avoided.

STRAIN INDUCES STUTTERING

Left-handedness is probably not fundamentally related to stuttering. A left-handed child who is made to use his right instead of his left is being forced to do something contrary to what was intended by nature. This, of course, puts an added strain on the nervous system and in a child who is predisposed to stuttering might be serious enough to bring on the symptom.

A great deal has been learned about stuttering and its treatment in recent years. When treatment is begun early the results are often astonishingly good.

Many famous people have suffered from speech defects, including Moses, Aristotle, Virgil, Charles Lamb and Clara Barton, the founder of the American Red Cross. Great accomplishments can, therefore, be made in spite of a speech defect of this sort.

Several medical schools or universities have speech clinics to help the stutterer and the National Society for Crippled Children and Adults (11 South La Salle Street, Chicago) has taken an interest in the problem.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—Last week the most interesting economic development since June 1950 took place.

Until last week, government officials in charge of military production had been warning that the second quarter of 1952 would be the tightest of all. This was the period when industry would really feel the pinch of scarce civilian goods, would be drastically curtailed on the manufacture of radios, TV sets, refrigerators, autos and buildings. This was the warning that came from the Office of Defense Mobilizer Charles E. Wilson and subordinates of Secretary of Defense Bob Lovett.

In just 17 days, however, the second quarter of 1952 begins. Yet, as it approaches, materials, instead of being tight, suddenly have loosened up.

Instead of cutting down on autos, government chiefs last week called in the motor moguls and handed them more materials. Instead of cutting down on building construction, the builders were given more steel.

Meanwhile aluminum was available for storm doors, farm gates, civilian window sashes. There were plenty of radio and TV sets on hand. Other civilian goods seemed plentiful.

In other words, the dire prediction of Washington military and production chiefs was all wet.

GUNS OR BUTTER

Behind this has been one of the most important inner administration debates in all the government. It has been kept so quiet that few people have known about it, but it gets to the bottom of both the nation's security and the nation's economic prosperity.

In brief, it's the debate over which to produce—guns or butter. The same debate raged under Roosevelt prior to Pearl Harbor, but was solved in part by a stronger President, in part by the Japanese attack on Dec. 7, 1941.

Today the debate is between the Joint Chiefs of Staff who favor guns; and certain production men with long association in private business led by Secretary of Defense Lovett and Defense Mobilizer Wilson, who want both guns and butter.

The above, of course, is an oversimplification of the issue. The case is neither black nor white. It is gray, with something to be said on both sides. The leaders of both schools are sincere, patriotic men. Furthermore, the military have helped to defeat themselves by being slow in production. However, the results are inescapable, and can be summarized as follows:

1. The U. S. arms program has bogged down. We are way behind Russia in airplanes, and have fallen far below the military equipment promises we made Europe. This is one reason for the economic and political crisis in Europe today.
2. Because the arms program is so far behind, most defense material—with the notable exception of copper—is now surplus. Actually the Aluminum companies, to use the words of one executive, "have aluminum running out of our ears." This is the reason why automobile and construction companies suddenly have had unexpected materials dumped into their amazed laps.

DON'T STRAIN THE ECONOMY

The full story goes back to the days right after the Korean invasion when the new arms program was thrown together. At that time the "let's-not-strain-the-economy" advisers urged that rearmament be spaced out over a longer period of time, that if rushed too suddenly it would throw civilian economy out of gear. We should mobilize gradually, they urged, rather than in a sudden spurt which would leave civilian industry starved for materials.

In brief, civilian leaders said: "If we take things gradually, we can have both guns and butter."

Though the Joint Chiefs of Staff didn't like it, their chief, Secretary of Defense George Marshall, himself a general, concurred with this idea and it was adopted.

Later, last fall, the situation was reviewed again. By this time it was apparent that the Communists were sending a superior jet fighter force to Korea, and reports from behind the Iron Curtain indicated that the over-all Russian air strength was ahead of ours.

Because of this, Gen. Hoyt Vandenberg, Air chief of staff, argued inside the Joint Chiefs of Staff that the Air Force must have 143 air groups, and the joint chiefs supported him.

In the final showdown, however, Defense Mobilizer Wilson urged a slower build-up, and when the matter went to the White House, President Truman backed him up. Instead of building 143 air groups by the end of 1953, they will now be built by the end of 1954.

What happened regarding airplanes also happened regarding other military goods. The entire program was stretched out. The ultimate goals remained the same, but the number of years for fulfillment was prolonged.

Into The Past

10 YEARS AGO

London — Soviet southern armies were reported attacking a million and a half strong on the southern front from the Sea of Azov northward to the Kharkov in the Ukraine and other great Russian offensives were breaking German lines at vital points all the way up to the front below Leningrad.

Tokyo—The Japanese radio acknowledged that three of their ships were damaged and six other ships sunk or beached in their landing operations on New Guinea.

20 YEARS AGO

Washington, D. C.—Speculation over a possible wet plank in the Republican platform was revived among Republicans while Democrats centered their attention on the Smith-Roosevelt embroglio in Massachusetts.

Washington, D. C.—After months of debate as to whether the Navy's giant dirigible was a monument to American genius or inefficiency, the naval committee proclaimed the Akron air-worthy and deserving of her title, "Queen of the Skies."

Escanaba—Dark horse St. Joseph cagers were going into the regional Class C tournament against Lake Linden after upsetting Gwinn, 23-17, in the semi-finals.

Fancy Clubs Help Make Okinawa A Pleasant Place For Soldiers

By DOUGLAS LARSEN
NEA Staff Correspondent

OKINAWA —(NEA)— On the highest point of the southern part of Okinawa, with a magnificent view of the ocean and harbor, there is located what is probably the fanciest and largest U. S. officers club in the world.

It is the social hub for the civilians and officers of the Ryukyu Islands, but it didn't cost the U. S. taxpayers a cent. The officers built it and paid for it themselves.

A few blocks away is the State-Side Club, at least equal to the finest non-com club that can be found in the U. S. A 15-piece Filipino band plays nightly, featuring the singing of one of the most prominent Filipino movie actresses. Many civilians and officers prefer it to the "O" club for dancing.

Next to it is the Fiddler's Green, a club for any enlisted man who wants to go there, also as good and managed as well as anything like it in the U. S. The enlisted men's clubs also pay for themselves.

These three clubs plus others like them and many movies, PX's and similar concessions, represent the big difference between Okinawa and just any other lonely U. S. island outpost, as far as the morale of the personnel stationed here is concerned.

A little more than a year ago, when the island didn't have its standing as a vital strategic spot in the Far East, morale among the troops here was zero. It had the reputation of a cemetery for officers. . . you came out here to be forgotten.

Today, with its new role as the future keystone of American defenses in the Pacific, morale and living conditions are excellent. And this is mostly the result of the efforts of Maj. Gen. Robert S. Beightler, boss of the Ryukyu Command.

"This is a long way from home and you've got to give the people who come here or who are ordered here as pleasant a life as possible, with plenty of recreation," he explains.

Most of the troops and officers stationed here agree that it is now a pleasant place for duty. The influx of wives and families is helping to bolster that attitude, along with new housing and other improvements going up all over.

Mary Brown of Columbus, O., a young, attractive civilian employee of the Army who came out as a secretary a few months ago, expresses the typical view of the place:

"I love it. There is good swimming practically all year. Hiking. Dancing. Sightseeing. Practically anything you can do in Columbus. And you can save money."

From the looks of the Okinawans, most of whom have adopted American dress—including lipstick for the ladies—they seem not to be chafing under the occupation. They are friendly and obviously prosperous. Beightler says:

"We are working to restore the Ryukyus to self-sufficiency. We have established a sound political structure and, as fast as the people become ready, have given the Okinawans responsibility for their own governmental functions. For the first time in their history they are electing their own governors, assemblymen and Ryukyus-wide assemblymen."

OKINAWA PERSONNEL have fun at the island's fancy clubs, like this officers' club. Mary Brown, dancing happily, says you can do anything on Okinawa that you can do in Columbus, O.

"Land is being returned to the proper owners as rapidly as consolidated military installations are completed. Small local industries have developed in surprising numbers and have found outlets and markets for their products and goods not only within the Ryukyu Islands, but in Japan, Formosa and the United States."

On a recent visit to the island, Assistant Secretary of the Army Earl D. Johnson made the best explanation yet given to the Okinawans as to the goals of the government there. He said:

"My country has no interest in a colonial policy or in governing other people. We believe that Okinawans have a life and culture of their own and they should preserve it. We do not want to keep any permanent responsibility for the civil administration of the Ryukyus."

This statement probably did more than anything else since the invasion to help relations with the Okinawans.

The very long view for the future of Okinawa, of course, depends on the state of the relations between the U. S. and Russia. If the U. S. should ever decide that the island was on longer needed for defensive reasons it could return it to Japan or place its fate in the hands of the United Nations.

Our (America's) program is becoming more and more of a status quo program, tending to support existing governments and existing governments and existing order, and to suppress rather than aid revolutionary movements of peoples seeking changes for the better.—James P. Warburg, author and lecturer.

The people I know (who are veterans) have not been indoctrinated with any strong desire for military dictatorship.—Sen. Richard Russell, on Universal Military Training.

Michigan Top Salt Producer

Michigan again led all states in producing salt and gypsum, repeated second in tonnage of iron ore and sand and gravel, and moved up from fourth to third in stone output in 1950. This is the latest but partially incomplete mineral report just issued by the conservation department's geological survey division.

The state's mineral production increased in most categories. Known exceptions at this time are petroleum, dropping from over 16,517,000 barrels in 1949 to about 15,826,000 barrels in 1950, and natural gas, declining from 16,660,000 M cubic feet to 12,614,000 M cubic feet.

Iron ore production climbed from 10,737,000 long tons in 1949 to 12,926,000 long tons in 1950. Portland cement was up slightly from 12,748,000 to 12,834,000 barrels. Salt increased from 4,064,000 short tons to 4,446,000 short tons.

Sand and gravel production was 24,557,000 short tons, about 4,000,000 short tons better, and stone was up to 19,096,000 short tons, 16,546,000 short tons previously. Copper was 51,788,000 pounds as compared to 38,498,000 pounds before. Gypsum take, preliminary estimate, was 1,474,000 short tons as compared to 1,265,000 short tons before.

Better reporting on marl for 1950 showed production of 218,429 short tons as compared to only 1,500 short tons actually reported to the survey division in 1949. Marl is used in agricultural liming.

Other mineral products produced in quantity were bromine and bromine compounds, raw clay and natural gasoline.

Power With Words

By Dr. C. E. Funk

ON THE POSITION OF "ONLY"

"What is wrong with this sentence: 'She only saw him for a minute?'" "Say, 'She saw him only for a minute.'" This was a question and its answer in a newspaper item recently.

Yes, that is one of the "correct" ways of wording the sentence, but it is not the only correct wording. In fact, the wording may not be "correct" at all, for it leaves one in doubt, as a precise sentence should not. Does it mean "him only," or does it mean "only for a minute?" If the latter, a precise construction would be "for a minute only," or "for only a minute." And "She saw only him" would be precise if the intent were that "he" was the only one whom she saw.

Then, too, if "she" alone of a group of people saw the man, the sentence could start either, "only she saw him" or "She, only, saw him"—which, except for the commas, brings us back to the original construction.

In other words, the position of "only" in a sentence that is precisely constructed depends entirely upon the meaning that the speaker or writer intends to convey. In speech, the tone of the speaker usually indicates that meaning; in writing, punctuation may be needed.

But, going back again to the original sentence, is there any doubt in the mind of any reader about the meaning as the sentence stands? If not, why should it be changed at all? That is the way we speak, and, as literature records, that has been our natural speech through hundreds of years. In 1463, "Luke is only with me"; in 1660, "I only write this word to let you know"; in 1697, by Dryden, "When beasts were only slain for sacrifice"; in 1875, "I only asked the question from habit."

For precise writing, yes; put "only" exactly where it should be. In ordinary speech and writing, put "only" where it seems most normal.

You can count on your fingers the friends you can really count on.

The best lovers are flat-headed, says a doctor. Their rivals won't argue!

Good Evening . . .

By CLINT DUNATHAN

THE PEOPLE'S CHOICE—In this year of hot politics and hotter political speeches we are reminded of the story of the old-fashioned caucus held in one of the townships.

People were predominantly of French extraction, so the story goes, and the chairman, Joe Bedore, not only presided but nominated his friends for the various offices. While vigorously chewing his cud of tobacco he nominated Alsace Lemerand for supervisor, Francis LeBlanc for clerk, Theophil LaChapell for treasurer and so on down the line.

Although he had the meeting well under control, the chairman kept looking around for a spittoon.

"I think what we need around here now is a cuspidor," he said, shifting his tobacco.

Quick as a wink his friend in the group jumped to his feet and shouted, "I nominate Joe Bedore for cuspidor!"

THE BOILING POINT—From the smallest political convention to the U. S. Senate you will find differing opinion and blistering word battles.

James Marlow of the Associated Press reports from Washington, D. C., that a fiery exchange occurred recently between Senator Connally of Texas and friends of Senator Taft, Republican aspirant for the presidency.

Sen. Connally, Democrat running for reelection, was irked by Sen. Taft's trip to Texas and his remarks about President Truman. The Texan, in the Senate, accused Taft of trading his integrity for a "few slimy votes."

Friends of Taft in the Senate came to his defense. They are Republican Senators Millikin of Colorado and Butler of Maryland.

Butler: I should like to ask the Senator from Texas where the President of the United States is today.

Connally: It is not my business to find out. The Senator from Maryland can go and hunt him up. If the Senator from Maryland does not read the newspapers and if he does not have sufficient information on what is going on in the world to answer that question, he has no business to ask anybody else about it. I would suggest that the Senator from Maryland read the newspapers.

Butler: I should like to very much.

Connally: I would suggest that the Senator from Maryland read his newspaper.

Butler: Has the Senator from Texas read his newspaper?

Connally: I would say to the Senator from Maryland: "Go ahead and read your paper this afternoon."

Butler: Where is the President of the United States? I have read the paper.

Connally: That is exactly it. The Senator from Maryland ought to read it. God gave him eyes to read with. Why does he not use his eyes?

Millikin: I will tell the Senator where the President is. I would say "He is in a hell of a fix."

Note: Actually President Truman was in Key West, Fla.

OUT OF ORDER—The argument to be heard in meetings of county boards and city councils often is amusing because of misunderstandings.

At one meeting of a board of supervisors in a neighboring county a private citizen appeared to protest the cost of a new bridge. The river was small, the bridge was short, but the cost was excessive, said the old fellow.

The chairman of the board defended the bridge expenditure and said no money was being wasted. But the old man was not convinced.

"That much money, for that little river—why, that stream is so narrow I could jump across it!" he cried.

Down came the chairman's gavel. "You're out of order," the chairman said sternly.

"Sure I'm out of order," snapped the old fellow. "If I wasn't out of order I could jump twice that far!"

Pfc. Louis Cretens, son of Mr. and Mrs. Andrew Cretens, 1401 N. 22nd St., who is stationed at Camp Rucker, Ala., has left for Fort Hood, Tex., where he will be one of 150,000 men engaged in practice maneuvers.

Men from various camps are traveling by convoy truck to Mississippi and Camp Polk, La.

Pfc. Cretens, who was formerly employed by the Earle Appliance, was inducted into the service on Feb. 16, 1951. He is now serving with the 47th division of the 164th Infantry. His division is commonly referred to as the "Viking Division."

WITH THE 1ST CAVALRY DIV. IN JAPAN—PFC Richard M. Carlson, son of Mr. and Mrs. E. Olof Carlson, Route 1, Stonington, Mich., is taking part in around-the-clock defensive maneuvers with the battle-toughened 1st Cavalry Division on Hokkaido, the northernmost of the Japanese home islands.

The division was rotated to Japan last December after 17 months of combat service in Korea.

A supply clerk in the 61st Field Artillery Battalion, Private First Class Carlson arrived on Hokkaido last August. He has been awarded the Korean Service Ribbon with one campaign star.

What In The World?

By L. EARLE DAVIDSON
BERLIN, Germany — Here in this bomb-shattered, shell-torn city of more than two million inhabitants, located a hundred miles inside the Soviet Zone of Germany, is found the most convincing determination to stand firmly against Soviet aggression to be seen anywhere in the free world. These people will fight. If not with guns, then with bricks—and there are a good many billions of bricks in the ruins which still lie in the ghastly wake of saturation bombing.

What do the people of Berlin think about us Americans? I tried to find the answer to that question, both from official and unofficial sources. Believe it or not, the answers were the same. After having been on the losing end of two world wars, these people of Berlin have become thoroughly convinced that something was radically wrong with the internal systems which brought them about. As between the east and the west, they have unhesitatingly and freely made their choice. They are on our side.

The average Berliner may not be able to tell you how many marks the Americans have sent over to help rebuild the German economy, but he knows that the Berlin Airlift during the Soviet blockade saved his life. And for that we have his undying loyalty.

THE DEVASTATION that is everywhere in Berlin is a shocking and terrible sight. Perhaps it is no worse than some of the English and French cities which were devastated by the German Luftwaffe during the last war. I don't know. But it is a sight that will live in my memory to my dying day.

Yesterday we took a drive around the entire city, through both the Allied and Soviet sectors. Block after block is completely ruined. We passed literally thousands of bombed out buildings with only the brick walls standing. Gaping holes show you where the windows once were. It is as if one great fire had destroyed the entire city.

AMAZING, HOWEVER, is the manner in which these people are going about the job of rebuilding. Here and there downtown one sees a beautiful new building with modern store fronts. The show windows in these stores, practically all of which are in the west sector, display the latest fashions of merchandise. Many of the things shown in the store windows are beyond the financial reach of the average Berliner, who earns between 300 and 400 marks a month, or somewhat less than \$100 in our money. But they tell me these shop windows have done much to cause Germans living in the Soviet zone to keep their eyes and hopes on the West.

Always we have known the German people to be industrious. They still are. Everyone is busy. People go about their work with a sort of grimace that fits the job they are doing. Only in the beer halls do you see smiles and hear laughter. Berliners know they are "under the gun" of the East and that, in event of war with Russia, they would be the first to die or see their rebuilding rebombed.

FLORIAN SCHULTZ, a young Berliner who lived through the bombing, and whose father operates a small manufacturing plant here, told me that the people are extremely hopeful of seeing Germany unified and a part of the free world. During the war both Florian and his father were confined in concentration camps as anti-Nazis.

I asked Florian if he thought there was any possibility of Hitler still being alive, as some seem to believe, and he was very positive in saying there could be no such possibility. On the day Hitler was believed killed, Florian said no one could have gone more than three miles from the city. Berlin was entirely surrounded, he said, and the Russians were

closing in fast. Florian said that while he could not speak with certainty as regards western Germany, he was sure Berlin residents feel very deeply about assistance given them by the Americans. The fact that they desire a unified Germany with a government of their own does not, he said, mean that they are disrespectful. He, too, said the Berlin Airlift was the most outstanding single factor in keeping Berlin Germans forever conscious of America's great help in time of need.

MORE AND MORE the Allied controls in Berlin are being relaxed and power transferred to the civil government. One sees very few American soldiers on the streets these days. Just the other day an order was handed down which makes it necessary for GI's to pay bus and street car fares for the first time since the occupation.

Tomorrow our group of editors will interview Mayor Ernst Reuter and learn his latest views on German political and economic problems.

Detroit Immigration Office Lists 53 To Deport As Aliens

DETROIT—(AP)—U. S. Immigration Department authorities here today listed 53 aliens, many of them Detroiters, who face deportation because of membership in the Communist party.

James W. Butterfield, district director of the department, said the group was one of the largest cited in this area in several years. A 54th alien faces deportation proceedings because of his alleged membership in the Proletarian party, which advocates overthrow of the U. S. government by force. He is Stephen Singer, 50, of Detroit, former head of the AFL streetcar operators union in Detroit.

Ouster Hits Snag
The actions against the 54 aliens were announced less than two days after Rep. Charles Potter (R-Mich.), a member of the House Un-American Activities committee, charged there had been unreasonable delays in deportation of subversives.

Butterfield said four additional

aliens, whose identities were not disclosed, face a review of their cases because the iron curtain countries from whence they came refused to take them back.

Butterfield explained that the four, convicted of membership in a subversive organization, had been ordered deported but ran into snags when their iron curtain homelands refused to take them. The immigration official said that under the new security act and recent U. S. Supreme Court decisions, the four can be sentenced to a maximum 10 years in jail if they are not deported.

One Ironwood Case
Under the old setup, the U. S. government was responsible for getting aliens back to their old country, but now the responsibility rests with the deportee. If his old country will not okay his return, he can be jailed here.

Chinese Repatriation Proposed In Malaya

KUALA LUMPUR, Malaya—(AP)—The Federation of Malaya government is proposing to repatriate Chinese who wish to return to China with their families. The government has asked the legislative council to appropriate \$133,000 to give the scheme a three months' trial.

Purpose of the voluntary repatriation scheme is to get rid of Chinese who feel they have closer ties to China than to Malaya. It would apply primarily to those Chinese squatters who are dissatisfied with the government's program to put them in resettlement areas in order to curb aid to Communist terrorists.

Rex Smith Is A Hunter Now

By ROBERT C. RUARK

NEW YORK—It will be of scant comfort to Mrs. June Smith, hunting widow, to learn that the conversion of her husband, Rex, from lounge lizard to outdoor man occurred with no malice on the part of her spouse's corrupters. All we were trying to do was keep the boy out of the poolrooms, and the effort backfired.

Until some time after he passed his 50th season, Mr. Smith had been busy living up to his reputation of the "Charwoman's Prince of Wales," a title bestowed on him by another fellow named Smith. Mr. Rex Smith's vices were few.

He was a vice-president of American Airlines. He had been a colonel in the air forces. He was known as an athlete—on one occasion he was observed to walk all the way from the "21" Club to the Stork Club, a distance of nearly two blocks.

Smith Goes Hunting

Mr. Smith was a fair craps shooter, but craps was the only thing he ever shot until just recently. Craps, perhaps, and the breeze. And then fate took a hand.

Mr. Smith's fall from the pleasant estate of city slickerism occurred after a short train ride from the city of New York, on the pleasant preserve of a man named Lou Schweizer, who operates a hunter's haven for jaded New Yorkers called Sandy Hollow, just outside New London, Conn., where the submarines grow.

Some bad companions named Wright Stone and Ruark kidnapped Mr. Smith from the cozy comfort of a table in Toots Shor's and carried him struggling and kicking to a train. We unleashed him, once he was in the woods, and gave him a gun. The gun contained one cartridge, for safety's sake, and eventually sponsored Mr. Smith's nickname among the aboriginals who still inhabit northern Connecticut. "Lakwinni Mangoon," Smith is called, meaning "lone hunter," or "he who shoots by himself because every-

body else is hiding under a rock somewhere."

Mr. Smith took his shotgun and floundered forth among the drifting snows. He floundered back, some hours later, clutching a couple of bedraggled pheasants, which, mirabile dictu, he had assassinated all by himself. This was the end of Smith, the cafe-society butterfly. This was the beginning of leatherstocking Smith, mighty hunter and absentee husband.

A Mighty Hunter

Mr. Smith talked for 17 consecutive hours concerning the fine points of pheasant shooting, the delights of living in the open, and the stupidities of city-dwelling. Over the evening he made some nine collect telephone calls to brag of his prowess in the field. Over a period of two days he had arranged for membership in a skeet club, had opened a charge account at Abercrombie & Fitch, and had booked three duck hunts, a quail shoot and an African Safari for next year.

Mr. Smith's evil companions called his wife, the aforementioned June, to inform her that, at length, her lord had finally achieved a hobby.

"Oh, my," Mrs. Smith was

heard to mutter weakly on the other end of the phone. "What will become of me and the children now?"

At the end of last week, Mr. Smith was wearing a coonskin cap to work, and had already placed orders for several grades of shotgun, a double-barreled express rifle for shooting elephants, and was heard to utter the scornful opinion that any man who used a gun larger than .410 for quail was a boor, a cad and considerable of a rotter. He had cast off his ancient associates and was seen mingling with a new coterie of friends—the kind of people who wear badge studded leather hats on a Homburg hat and whose reading is limited entirely to "Field and Stream."

It grieves me to mention that the lovely June must now cease buying clothes, and food and little Rex can expect no further largesse from Santa Claus, because no single budget can maintain a hunter and a family at the same time. Mr. Smith's work is bound to suffer, and his conversation will be even more single-tracked than in the days when he fancied bullfights for relaxation. The Messrs. Wright, Stone and Ruark apologize for the downfall of your old man, Mrs. Smith, but the sad truth is you've lost him forever to the great outdoors.

With 300 years of cultivation behind it, the island of Barbados has been made practically weed-free, says the National Geographic Society.

Holy Name Society
PERKINS—The regular monthly meeting of the Holy Name Society was held Monday evening in St. Joseph's parish hall. It was decided at the meeting that the parish hall should be redecorated voluntarily by the men. The group, which received fourteen new members on Sunday morning, enjoyed a social hour. The Rev. Charles Daniel, pastor, gave the opening and closing prayers.

Mrs. Hogan Honored
Mrs. Ida Hogan received many lovely gifts on her 76th birthday anniversary, which was celebrated Sunday afternoon in her home. A party lunch and a large pink and white birthday cake were served.

Among the attending relatives were Mr. and Mrs. Bill Hall, Mrs. William Sharkey, Mrs. Richard Anderson, Mrs. Axel Satterstrom, Mrs. Bill Rice, Mrs. Aldon Sharkey, Mrs. Peter Nelson, Mrs. Andrew Satterstrom, all of Perkins, and Mr. and Mrs. Charles Moilanen and daughter of Negaunee.

Lions Club Meeting
The Lions Club met Thursday with twenty members present. A new member, Mrs. Nelson, was received at the meeting. A colored film "The Valley of Triumph", shown, Gus Kline Jr., chairman of the Red Cross drive in Baldwin township, gave a short talk on the subject.

A wood cutting bee to raise money for various projects was held Sunday at Stonington. Those who worked were Clayton Norden, Henry Gustafson, Frank Gudwer, Jerry Depuydt, and Gus Kline Jr. The next meeting will be held Thursday, March 20, at the club house.

Club Anniversary Is Celebrated At Dinner Program

The Escanaba Business and Professional Woman's Club, organized in 1929, celebrated its anniversary at its regular dinner meeting Tuesday evening at the Sherman Hotel.

The program of the evening was based on the club emblem with its four-fold purpose.

Mrs. Elizabeth Potocnik gave the introduction, Miss Josephine Ryan explained the significance of the torch, Mrs. Caroline Nyström, the ship of commerce, Mrs. Nancy Petry, the scroll and Miss Marie Peters, the Nike. The purpose and ideals represented in the emblem were summarized in an impressive address by Miss Phoebe Anderson, club president.

At the business session letters of appreciation for Christmas boxes sent residents of Finland were read.

Guests at the club meeting were Mrs. Myrtle Chandler, a member of the B. & P. W. of Wausau, Wis., Mrs. Elie DeDriver, Mrs. Michael Harris and Miss Ann Curran.

Edith Lawrie Pupils Entertain At St. Joseph's

Pupils of the Edith Lawrie School of Dance presented an attractive program at yesterday afternoon's meeting of St. Joseph's Home and School Association held in the school club rooms.

TEEN TALK BY VIVIAN BROWN

AP Newsfeatures

Young moderns have their own little ambassador.

She's 20-year-old Paulette San Souci of Woonsocket, R. I., who just has returned from a good-will trip to France.

True, Paulette was without portfolio, but she managed to accomplish plenty. Says she: "When I got the idea a year ago to create better relations between youths of America and France, I went to Boston's French consul and discussed it with him. He was in favor of it, but France couldn't afford to pay my way. Next I discussed the problem with the head of a French perfume house—and they agreed to pay my expenses."

Paulette, a former student of La Presentation de Marie in Hudson, N. J., daughter of French-Canadian parents, took courses in French civilization, literature, art and geography in Paris, so that she could find out if France really "deserved its reputation of high culture and advanced civilization." They have both, she says. She did more than eat bouillabaisse and attend school during her six-months stay. She visited about 20 schools discussing the American way of life with students from 17 to 21 years of age. They learned about our schools, sports, games, movies, theatres, and how teen-agers play. Says Paulette:

"French youths like America and are interested in how American teen-agers date. In France there is not much dating because kids can't afford it. The average French boy gets about 25 francs a week allowance. Even if he'd like to invite a girl for a walk, he must pay 20 francs to telephone her. This leaves him 5 francs."

There is no such thing in France as the goodnight kiss for teen-agers, and many girls are accompanied on dates by chaperones. At parties when games are played, kissing is a peck on each cheek. It is not until girls are "almost married," according to Paulette, that they kiss their loved ones on the lips.

French boys are good looking, and seldom flirtatious, as American girls might imagine, she says, and explains:

"A date with a French boy is an experience. He is well-informed about American life and knows more about our candidates for political office than we do."

Young Frenchmen are very mature for their ages, Paulette says. One boy at 18 had his doctorate of laws. She points out,

however, that school hours are longer — mornings from 8:30 to 12:30, afternoon from 1:30 to 6:30, school on Saturdays instead of Thursdays.

French boys never carry cigarettes. These are doled out—one at a time—by their fathers. French girls are dressed poorly; the average cheap dress costs about 15,000 francs (about \$40). Stockings are worn on Sundays only, and shoes are a poor equivalent of our loafers. No decent young girl, she says, would ever wear anything but flat shoes—girls who wear high heels and earrings are considered "bad."

Rugby is a popular sport. Museums are free on Sundays, but then they are jammed, she says. Concerts attract young people more than any other form of entertainment. If one is a member of Jeunesse Musicale de France, open to young people who play a musical instrument, and supported by patrons, they can attend concerts free. Paulette joined the organization and loved the whole idea. Says she:

"One of my plans now is to tour America and Canada describing the French students' way of life. I want to tell them also how music is made attractive to the French—before concerts the life of the composer is discussed in a very interesting fashion, not a cut and dried performance."

Paulette hopes to be a journalist some day, and her experience so far has been writing monthly articles for her father's French magazine Le Phare, published in Canada. When she was seventeen she was awarded the medal of L'ordre academique d'honneur et merite by the Societe du bon parler francais of Montreal. She was the first American so honored, and as a result was rewarded by her father with a trip across America. It was then that she got the inspiration for her trip abroad.

'April In Paris' Will Be Theme Of Senior Ball

"April In Paris" will be the theme of the Escanaba High School annual senior ball, one of the outstanding social affairs of the school year, which will be held April 18 in the senior high school gymnasium.

Preliminary plans for the party have been made and the various committees appointed.

Barbara O'Donnell is chairman of the music and program committee; Dick Wellman is ticket chairman; Nick Prokos, decorations; Warren Johnston, punch; and Paul Baldwin, furniture.

Class officers who form a supervisory group are Casper Bartley, president, John Nelson, vice president, Betty Sealander, secretary, and Lynn Bergman, treasurer.

Today's Recipes

Green Lima Bean Salad
Ingredients: 1 package frozen green lima beans, 1/2 cup finely diced celery, well-seasoned mayonnaise, romaine or lettuce leaves, 2 hard-cooked eggs, 1 canned drained pimiento.

Method: Cook lima beans according to directions on package; drain well. Mix with celery and enough mayonnaise to moisten well. Put romaine or lettuce on 4 salad plates; pile lima bean mixture over greens. Slice hard-cooked eggs and cut pimiento in strips and use for garnishing salads.

If your dress has a line of buttons down its front, you'll look slimmer.

AS WE LIVE Will An Outsider Upset A Marriage?

By ELIZABETH B. HURLOCK, Ph. D.

Modern men and women are concerned about the in-law problem because so much has been written and said about it lately. When an in-law lives with the family, does it necessarily always mean trouble? That is what is concerning the young woman who wrote the following letter:

(Q) "I am planning to be married in the near future. My fiancé loves my daughter by a former marriage and he says his brother can continue to live there after we are married. I am very much against this because the presence of any third party just won't work out. I know that a third party always interferes."—T. B. L.

(A) I am sorry to say I disagree with your statement that a "third party always interferes". It is true that a third party does, sometimes, interfere, but then you may have interference from relatives or friends who do not live in your home.

A woman in the home is much more likely to be the source of trouble and friction than a man. Too often women have the habit of trying to boss other people and this causes trouble.

A single man, by contrast, is not likely to spend enough time at home to do more than eat, sleep, and dress. If he takes his meals with you, it will only be breakfast and dinner. Then he will be out of the house the rest of the time, either at work or dating.

If he pays you and your new husband for his board and lodging, as he doubtless will, I can guarantee that it will be the easiest money you have ever earned. Your brother-in-law won't want any waiting on and he will be satisfied with any food you put before him.

Now, if it were a sister-in-law, that would be a different story. I would question the wisdom of having her live with you as women can be troublemakers for their in-laws. It may be jealousy that motivates them to stir up trouble or it may be just a case of idle hands getting into mischief.

Be sensible and stop protesting against your fiancé's wish to have his brother live with you. There is doubtless a strong tie between the two men and it would be too bad to do anything to weaken that tie. Furthermore, a young bachelor is likely to marry at any time and this would automatically solve your problem.

Elizabeth Hurlock is one of the nation's great psychologists, and she will gladly help you with personal problems.

Germfask

V. F. W. Meeting
GERMFASK—A regular meeting of the Edward James Doran V.F.W. Auxiliary to Post No. 8962 was held at the Germfask community building Thursday evening. Routine business was transacted and nomination of officers for the coming year took place.

Club Women Will Join In Library Rebuilding Project

The Escanaba Woman's Club is joining with other units in the Federation in assisting in the rehabilitation of libraries in the flood areas of Kansas. Mrs. Norman L. Lindquist, club president, announced today.

Each member is asked to take one or two books to the next meeting, March 19, to aid in this worthy project. Mrs. Merritt T. Kasson will serve as chairman of the committee in charge of boxing and mailing the donations.

Libraries in the flood areas, as is generally known, were badly damaged or totally destroyed last year and an effort is being made now to rehabilitate and restock them.

New or used books of every description are needed and may include references, history, fiction or youth and children's books.

Community building Thursday evening at 6. M/Sgt. Thibideau of Riverside, Calif., recently returned from overseas duty and has been visiting at the home of his parents, Mr. and Mrs. William Brain, and with other relatives. He will return at once to overseas duty.

Cribbage Tournament

The women were again victorious over the men at the Cribbage Club Wednesday night but not enough to overcome the lead which the men hold. The women are still behind by 358 points, with only one game to be played. Members on the refreshment committee for the evening were Edward Musselman, Mrs. Ovid Swisher, Mrs. Harland Ackley, Muri Rupright and Mr. and Mrs. Kenneth Campbell.

Square Dance Club

The Square Dance Club met at the Community building Saturday night with a large crowd attending. Those on the refreshment committee for the evening were Mr. and Mrs. Clarence Nelson, Mrs. John Rutherford, Jean Caffery, Mr. and Mrs. Polimir Lawrence, and Mr. and Mrs. Ed Smith. The next meeting of the Club will be March 22.

Mrs. Surline Rites
Funeral services for Mrs. Rose Surline, who passed away at Royal Oak Thursday morning, were held at a Requiem Mass at St. Therese Church at Germfask Monday morning at 9 with Father Mark officiating. Burial was made be-

lieved.

Story Hour Saturday

A bluejay who cried "wolf" once too often and a dog who got his feelings hurt, will be featured at the Story Hour in the Carnegie Public Library this week. Mrs. Kenneth G. Jensen, children's librarian, will tell the story of "Skit and Skat" and the tale of "The Five Little Rabbits." Story Hour is held each Saturday morning at 10 in the Children's Room of the library.

Soo Hill P.T.A.

The Soo Hill P.T.A. met last evening at the school. A committee to plan a card party and bake and candy sale to be held May 7 was chosen. Because election of officers will take place at the April meeting, a nominating committee was selected.

A report on the Wells township school board meeting was given by Mrs. Norman Anderson. Frank Bender Jr. and Lawrence Klug reported on the proposed new lighting for the basement rooms. The guest speaker, Karl Dickson of Escanaba, gave an interesting talk on the Little League Baseball Association and stressed the importance of working with the children. A musical program was given by Lloyd Sodergren and his Western

Stars. Lunch was served by Mrs. Rudy Bauer and her committee. The next meeting will be held April 16 in the school.

Legion Auxiliary

The Auxiliary to Cloverland Post 82, American Legion, meeting Tuesday evening at the Legion club rooms, made plans for a number of future activities. Mrs. Roy Baldwin, president, presided at the meeting.

Discussion was held on forming a Past Presidents' Club, plans were made for increased service to disabled veterans at Pinecrest Sanatorium, and tentative arrangements completed for a joint birthday party Monday evening, March 17, celebrating the 33rd anniversary of the Legion.

Cards were played during the social hour with Mrs. A. J. Curtis high in 500, Mrs. J. Richards, high in pinocle and Mrs. Ed Nelson, high in bridge. Mrs. William Ehnerd and her committee served lunch.

Members of the group volunteered to send Mothers' Day handkerchiefs and cards to patients in the Veterans' Hospital at Iron Mountain.

City Valuation Upped \$25,000

Gladstone city commissioners sitting as a board of review completed their work on the annual assessment roll Tuesday afternoon.

Total assessed valuation of real property in the City of Gladstone will come to an estimated \$25,000 more than last year, it is learned from City Assessor H. J. Henriksen.

The increase is due to new buildings which have been erected and to additions and betterments to the Northwestern Plywood and Veneer corporation plant here.

The city tax rate will probably be upped from \$14 to \$15 per \$1,000 assessed valuation, the city assessor declared, but the exact amount is not determined as yet because of the fact that the annual budget has not been completed.

Trenary

Film Program Tonight

TRENARY—Two cancer films will be shown at Trenary High School tonight starting at 7:30. The first is entitled, "Time is Life" and is for adults only. The second is entitled, "Breast Self-Examination", and is for women only. All adults are urged to attend these movies in the interest of the health of the community. Dr. R. A. Tearman, county health officer, will speak during the showing of the movies.

4-H Club Meeting

Members of the 4-H Club met Monday evening at the Trenary High School. The next meeting will be Tuesday, March 18, and on the lunch committee are Jonelle Knaus, Stella Ford, and Elaine Hendrickson.

Briefs

Mr. and Mrs. Francis Finlan and children, Roger and Ann, visited Sunday with the Dan Finlans and Mrs. Margaret Finlan, of Gladstone.

Clifford Lalone, son of Clarence Lalones, celebrated his twelfth birthday, March 9, with several friends, at his home. In the evening the boys attended a theatre party.

Mr. and Mrs. E. Wirtanen of Munising visited relatives and friends here Sunday.

The U. S. Marine band has given New Year's Day concerts in the White House since 1901.

Thompson

Personals

THOMPSON—Mrs. Hannah Erickson was called to the Veterans' Hospital in Iron Mountain on Tuesday by the serious illness of her son, who is suffering from Hodgkins disease, which he contracted while serving with the U. S. Navy in the Pacific Islands.

Billy Erickson has accepted a job at the Hatchery as a seasonal worker and has been assigned as caretaker of the Fox River feeding station near Seney.

Charles Shirk has been promoted from caretaker of the Fox River feeding station to the Marquette Hatchery.

Mr. and Mrs. Edward Dupree, Zion City, Ill., Mr. and Mrs. Joseph Dupree, Green Bay, and Mr. and Mrs. Alfred Dupree, Garden, have returned to their respective homes. Henry Dupree and Mrs. Ray Seaman are remaining for some time with their sister, Mrs. William Maxwell.

Hatchery Meeting Here

Thirty members of fish conservation departments of Watersmeet, Cooks Run and Marquette, Regional director, James Scully of Marquette, district supervisors, Clifford Long of Escanaba and Leland Anderson of Newberry, superintendent of the Watersmeet hatchery, Ted Monty of Crystal Falls and Dr. Leonard Allison, experimental pathologist of the fish station at Grayling, are attending a two day meeting in the Thompson Hatchery.

This meeting is the third in a series of meetings being held at the different Hatcheries throughout the winter months.

Supt. Martin Miller gave a brief summary of the founding and building of local Unit 1 in 1917 by John Engle, overseer at that time. Other members of the staff who spoke on their jobs were Oscar Gasmin, Hugo Erickson,

CARD OF THANKS

We wish to take this means of expressing our sincere appreciation of the wonderful acts of kindness shown us by neighbors and friends at the time of the death of our beloved husband, brother and father. Especially do we wish to thank those who sent flowers, those who offered autos for the services, August Mattson Legion Post, the pallbearers and all others who aided us in so many ways. The memory of these acts of kindness will always remain with us.

Signed:

Mrs. Clarence Michelson

Sidewalks Along Lake Shore Asked

No action was taken by the city commission this week on a request for sidewalks along Lake Shore Drive west of Thirteenth street. This was requested by Assistant Postmaster Oscar Ohman in order that carrier mail service could be given houses in that area.

Possible eventual widening of the highway and also the drainage problem were cited as reasons for postponing a decision at this time.

Improvement Of Harbor Started

Improvement of the yacht basin at the foot of Tenth street was started yesterday after work on the project was approved by the city commission earlier in the week.

Piling is to be driven along the north edge of the harbor and it will be sheeted behind. Then fill will be placed behind the piling to bring the grade to the park level and the edge close to the harbor will be decked with plank. The piling will be put in position now and the other work done after the spring breakup.

It is also planned to eventually construct a steel-reinforced concrete wall along the west side of the harbor.

Pic. Lowell Balenger of the U. S. M. C. has arrived from San Diego, Calif., to spend a 10 leave visiting with his parents, Mr. and Mrs. Walter Balenger, North 15th street. At the conclusion of his leave he will report to Oceanside, Calif.

Mrs. Maurice Anderson will submit to surgery on Friday morning at St. Francis Hospital.

Miss Dollie Olson has returned to Manitowish where she is employed after spending a week visiting in Kalamazoo with Bette Ohman and here with her mother, Mrs. Petra Olson.

Mr. and Mrs. Harry Lundin, 1228 Wisconsin avenue, returned to their home Tuesday night from Chicago where Mrs. Lundin underwent surgery at Presbyterian Hospital two weeks ago. Her condition is reported good.

Armin W. Rhode of Green Bay, formerly of Gladstone, visited with friends here Wednesday.

Forestry Meeting Monday At Rock

ROCK—The forestry meeting for farmers and wood operators Monday evening, March 17, at 8 will be held at the Rock Lions Club House instead of Rock High School as originally planned.

Skog, extension forester, will discuss Christmas tree production. All who are interested in producing Christmas trees through planting or through natural growth on cut-over land should plan to attend. A film, "Easier Ways of Logging" also will be shown. This is a new film and deals with small wood operators.

The meeting is being arranged through the Co-operative Extension Service by the county agricultural agent.

Talk On Art Is Heard By Club

An interesting and inspiring talk on art was given by Mrs. Stack Smith at the meeting of the Child's Welfare club held on Monday evening at the home of Mrs. E. A. Lawin.

Mrs. Smith showed fourteen paintings which she and Mrs. Victor Powers had painted illustrating the theme putting "Christ Back Into Christmas." The biblical paintings were taken from various scriptures and Mrs. Smith explained the meaning of each.

Approve Bonus For Teachers

Approval of a cost-of-living bonus for teachers and other regular employees, revision of the Easter week vacation, and the closing of public schools Friday noon highlighted a regular meeting of the Manistique Board of Education Tuesday night.

A bonus of \$125 was granted to all regular school employees by the board. The proposal, discussed at a previous meeting, had been postponed until funds available for the bonus could be determined.

At the request of teachers a full week's Easter vacation was approved, with schools closing Friday, April 11, and remaining closed until Monday, April 21. To compensate for the extended vacation the board decided to close school on June 10 instead of June 6 as initially planned.

In requesting the longer Easter holiday, teachers said that it would enable them to attend an MEA Centennial Celebration in Detroit on April 14-17.

The board decided to close schools Friday noon to permit teachers and students to attend the regional Class B basketball tournament at Houghton.

An increase of mileage allowance for school business trips also was approved by the board, bringing the figure from five to seven cents per mile.

A new policy on dances in school gymnasiums also was adopted. By motion the board banned all public dances during the school term but will permit such dances during vacation periods if properly regulated. Dancing parties sponsored by school organizations for students, however, will be permitted.

A total of \$4,517.40 in bills was approved for payment.

A request from the U. P. Association of School Board Members and Superintendents for one cent per census child for administrative expense was approved. This would amount to \$13.84 for the local school system.

Local Boxers Go To Sault

At least 10 Manistique boxers will participate in a benefit boxing show tonight in Sault Ste. Marie, Mich., it was announced yesterday afternoon by Edward Toyra, local trainer.

The show, to be held in the Sault high school gymnasium, is being sponsored by the Disabled American Veterans for the benefit of Buddy Bailey, Chippewa County boy who lost both legs in a train accident this winter.

Toyra and the Rev. George Pernaski, local CYO director, will accompany the fighting contingent to the Sault.

Four of the boxers have been matched but the rest will probably not know who their opponents are until today, Toyra said. The card was originally slated for Friday night but was switched to Thursday this week.

Matched fights are: Paul Crawford vs. Jack Kalbfleisch; Francis Selling vs. Larry Simpkins; Harvard Lancour vs. Gerald MacGregor; and Wayne Tufnell vs. Carl Vert. The Tufnell-Vert bout will be an exhibition event.

Other boxers making the trip are Darryl Bertrand, James Gould,

Toyra reported the fight program is scheduled for 8 p. m.

Stephens And Burns To File

George Stephens and Walter Burns announced last night that they would be candidates to succeed themselves as members of the City Council at the biennial election April 7.

Their nominating petitions were expected to be filed today with City Clerk Alex Robertson.

Entry of Burns and Stephens into the race brings to five the number of candidates seeking three council seats at the election. Otto Schubring, third incumbent whose term expires this spring, was the first candidate to file his petitions. Others entered in the race are Mrs. Erroll Abell and R. Z. Bertrand.

Monday, March 17, is the last date for filing.

Jury Returns Guilty Verdict

A justice court jury late Tuesday afternoon returned a verdict finding Eli Cousineau, of Manistique township, guilty of driving away from the scene of a property damage accident.

The jury deliberated about a half hour following an entire afternoon devoted to the trial.

Cousineau took 10 days in the county jail following his sentencing by Victor P. Deemer, justice of the peace. Alternative to the jail term was a fine of \$25 plus costs of \$3.75.

The Manistique township man was charged with failure to stop after he sideswiped a parked car on Deer street on the evening of Jan. 16. The car, owned by William Moreau, incurred damages estimated at about \$42.

Arrested by city police on Jan. 18, Cousineau pleaded not guilty at his arraignment the same day and demanded a jury trial. He was represented in court by Attorney G. S. Johnson. City Attorney William Hood prosecuted the case under a new municipal traffic ordinance.

Witnesses who testified included York Anderson, City Patrolman George Danko, State Trooper Harold Snyder, William Moreau and Cousineau.

Members of the jury were Gust Larson, Fred Williams, Clifford Cool, Neil Reese, Robert Broullire and Lyle Smith.

Rural Teachers To Meet Friday Night

Rural teachers of Schoolcraft county will hold a regular monthly meeting Friday night at the Court House. The session is scheduled for 8.

Three Starved Deer Found

Despite a mild winter three starved deer have been found in the Blaney Park area, it is announced by Otto DeWaard, of Newberry, district game manager for the Department of Conservation.

The deer, one buck and two does, were found March 10 and were about one and one-half years old or younger.

"It is expected that many more will be found during the next 30 days," DeWaard said.

In general, a low starvation rate is expected in the eastern end of the Upper Peninsula, he said, with the exception of the problem areas such as Drummond and Neeshib Islands and Blaney Park.

"The Blaney Park yarding area has very poor winter food conditions," DeWaard reported. "The management of the park has done an excellent job of cutting timber to feed deer but the area has more deer than the carrying capacity of the range will support."

Blaney Park is part of a large area designated as critical by the Department of Conservation, and recommendations have been made to harvest more deer during the legal season if authority is granted to the Conservation Commission by the Legislature. The district game manager pointed out.

Principal To Attend Commission Meeting

Carl Olson, Manistique high school principal, will leave Friday afternoon for Lansing where he will attend a meeting of the Professional Problems Commission, it is announced. The meeting is scheduled for Saturday in the MEA building.

Olson is the only Upper Peninsula member of the commission which is an advisory division of the Michigan Education Association. The commission meets four times yearly in August, December, March and June.

The king of Libya rules from two capitals, Bengasi and Tripoli.

Two To Enter State Contest

Two Manistique high school students, members of the 1931-32 Upper Peninsula championship debate team, will compete in a state debate scholarship contest next Tuesday and Wednesday at the University of Michigan, Ann Arbor, it is announced by Marvin Frederickson, high school debate coach.

The two are William Corson, a senior, and Nick Babladelis, a junior.

They will be accompanied to Ann Arbor by Frederickson and by other members of the debate squad, Laura Pizzala, a junior, and Mary Ella Giovannini and Jon Schuster, freshman. They will leave Monday morning and return Thursday.

Eighteen Michigan high school students will participate in the contest, sponsored by the Detroit Free Press in cooperation with the University of Michigan. The two Manistique students are the only Upper Peninsula entries.

Normally only top rated senior debaters may enter the contest, Frederickson said, but where a school has only one senior entry an outstanding junior debater may also be selected. First prize is a \$5,000 scholarship awarded by the Free Press.

The contest will open Tuesday morning with participating students taking a written test on the debate topic during the past season. Debating theme during the season covered the conscription of during the war.

Tuesday afternoon students will draw a subject by lot for a three-minute extemporaneous talk. Each participant will be given an hour to prepare a speech which will be delivered later in the afternoon.

On the basis of the written test and the oral delivery, judges will select six winners from the 18 entries for the finals Wednesday afternoon. The six students will be divided into two debate groups and will present a program on the season's debate topic. Three winners will be selected.

CARD OF THANKS
We wish to express our sincere thanks to neighbors, friends and relatives for the assistance and sympathy tendered us at the time of our recent bereavement, the death of our beloved wife and mother, Mrs. Henry Hebert. Especially are we grateful to those who sent floral bouquets, offered autos for the services, the pallbearers and all others who by word or deed assisted us at this time. The memory of these acts always will remain with us.
Signed:
Henry Hebert and Family

RELINQUISHMENT OF JURISDICTION
Notice is also given that the Board of County Road Commissioners of the County of Delta, Michigan, did, at a meeting of said Board held Monday Feb. 25, 1952, decide and determine that jurisdiction of the certain roads described in the minutes of said Board should be relinquished by the Board of County Road Commissioners of the County of Delta, Michigan, to the Board of County Road Commissioners of the County of Delta, Michigan, as follows:
"Minutes of the meeting of the Board of County Road Commissioners of the County of Delta, Michigan, held at Escanaba, Michigan, at 8 o'clock, A. M., Eastern Standard Time, Monday, Feb. 25, 1952.
Present: Commissioners Norstrom, Greene and Klasek.
Commissioner Norstrom moved the adoption of the following resolution:
"BE IT RESOLVED that the Board do hereby relinquish its jurisdiction over the following portion of county road known as N-32 in Garden Township, Delta County, Michigan effective this date.
That portion of County Road N-32 over the Fishdam River in the NW 1/4 of the SW 1/4 of Section 33, T 41 N. R 18 W. the length of which is approximately 80 feet.
The motion was supported by Commissioner Greene, and carried by the following vote: Ayes, Commissioners Norstrom, Greene and Klasek; Nays, None."
"THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED."
In testimony whereof, I have hereunto set my hand at Escanaba this 26th day of February, A. D. 1952.

ASSUMPTION OF JURISDICTION
Notice is given that the Board of County Road Commissioners of the County of Delta, Michigan, did, at a meeting of said Board held Feb. 25, 1952, decide and determine that the certain strip of land described in the minutes of said Board should be County Road under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describing said strip of land are hereby made a part of this notice, and are as follows:
"Minutes of the meeting of the Board of County Road Commissioners of the County of Delta, Michigan, held at Escanaba, Michigan, at 8 o'clock, A. M., Eastern Standard Time, Monday, Feb. 25, 1952.
Present: Commissioners Norstrom, Greene and Klasek.
Commissioner Norstrom moved the adoption of the following resolution:
"BE IT RESOLVED by the Board of County Road Commissioners of the County of Delta, Michigan, that the following described road be, and it hereby is, taken over as a county road and made a part of the County road system of the County of Delta.
Beginning at a point approximately 100 feet South of the Southernly extension of the concrete highway bridge crossing the Bark River on State Highway M35, as now located, thence Northwesterly along the County Park known as "Fuller Park" to an intersection with the old M35 strip of land, thence Southwesterly along said old M35 a distance of 0.5 miles. A short piece of road on the old location of M35 running Easterly from the above mentioned intersection to a point 50 feet distant from the Bark River. Said rights of way being 66 feet in width.
The motion was supported by Commissioner Greene, and carried by the following vote: Ayes, Commissioners Norstrom, Greene and Klasek; Nays, None."
"THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED."
In testimony whereof, I have hereunto set my hand at Escanaba this 26th day of February, A. D. 1952.

Hockey Sidelights

Cuff notes: You can make mental note of the fact that Escanaba's battling Hawks ended their season in a blaze of glory with their fine showing against Portage Lake in a semifinals playoff that went the limit . . . Escanaba trimmed Portage handsomely here, 6-3, and both playoff games at Houghton could have gone either way . . . Breaks of the game decided the issue . . . The Hawks were not out-played in either battle.

Their showing in the playoffs, their strong third-place finish and growing support of Escanaba area fans promise much for ice hockey's future here . . . In a five-team league last season, the Hawks finished fourth, ahead of Marquette and not far behind Eagle River . . . In a four-team circuit this season, Escanaba placed third, ahead of Marquette and only four points back of Calumet . . . And just to show you what the breaks of the game mean, Marquette, the cellar-team, is now in the finals against Portage Lake, the sextet that barely nipped Escanaba in the semifinals.

Had Escanaba been able to get over the Portage hurdle, its chances of taking Marquette and the league and Gibson cup championship would have been excellent . . . Last season, Escanaba beat Marquette five times and lost only once . . . This winter, they split, each winning four . . . But the Hawks were on the upgrade and had taken Marquette their last two outings, 8-6 in Marquette and 8-3 here.

But no matter how you look at it, the entire season was a success . . . The Escanaba Hawks are to be congratulated for their showing this season, for their progress in the first two seasons in fast Northern Michigan Hockey league competition, and it is sincerely hoped by everyone that they can greet the 1952-53 hockey season with a full-sized 180-80 rink at the fairgrounds exhibition building.

That brings to mind several "musts" if hockey is to progress here as it has the past two years . . . A definite program is underway now to lengthen the building at the north end by 60 feet . . . That will provide the 180x80 ice surface . . . A new public address system, improved seating on the existing 45-degree angle I-beams, player showers, more elaborate programs and a hockey instructional series for the benefit of new fans are on the "must" list.

Oh, yes, and let us not forget a new record of the "Star Spangled Banner" . . . Some fan wisecracked at a recent game . . . "No wonder the Hawks got off to a slow start in the first period and had to work their heads off in the second and third period . . . After listening to that wheezy recording of our national anthem just before the start of the game, they couldn't help but get off to a slow start." . . . Say, the fellow may have something there at that.

Escanaba likely will lose Rusty Hiltunen, Les Young and Guy Poce to Uncle Sam's Army via the draft route . . . But Jerry Tagliabardi and Walter Bechtold are in the process of procuring immigration visas preparatory to taking out U. S. citizenship papers . . . They want to settle in Escanaba . . . Eagle River is reported to be making a strong bid already for Ben Artwisch's services, but the reliable goalie from Stambaugh has won himself a home in Escanaba, figuratively speaking, of course, and is not likely to desert.

Mark and Ted Olson, Joe Ricci, John Cortopassi, Burt Petaja, Ed Broughton, Neil Sinclair, George Cetaja, Lolly Rose, Leon Mileski, Buddy Provo and others likely will be here for a nucleus . . . And Hawk scouts will be operating this summer to bring in more talent for a strong championship bid next season.

The Escanaba Hockey association is greatly encouraged by the support of a steadily increasing number of fans . . . It is the consensus that if better seating facilities are provided (more comfortable and a better view), Escanaba—like Marquette—will draw from 1,500 to 2,500 a game.

In a community project such as lengthening of the exhibition building, the association is working in close cooperation with the U. P. state fair board which is interested in more space for larger industrial exhibits . . . An enlarged exhibition building would have many advantageous uses.

John MacInnes, secretary of the U. P. state fair board, desires to make year-round use of the building as an auditorium for meetings, conventions, concerts and during fair time in August, the extended portion at the north end would be used for large exhibits for the benefit of such industries as Cleveland Cliffs Iron company, Oliver Iron Mining company, Lake Shore Engineering company, Escanaba's Harnischfeger, Birdseye Veneer and Escanaba Paper company and many others throughout the Upper Peninsula.—J.G.W.

Split Decision For Ring Champ

CHICAGO (AP)—Lightweight Champion Jimmy Carter registered a non-title victory over top challenger Luther Rawlings last night on a split decision. Both judges voted for Carter but the referee voted against him.

Rawlings protested loudly at the verdict.

"It was the easiest fight I ever had," he stormed. "The judges were watching Carter too much. They weren't watching me at all."

Referee Norman McGarity's vote, which gave the fight to Rawlings, 52-48, was the only sensible one of the three, the Chicago contender claimed.

Judges Harold Marovitz and Arthur Oberg both scored the fight 51-49 in Carter's favor.

The fight was overweight, with Carter coming in at 136½ pounds and Rawlings scaling 138.

Ted Gray Looks Petter But Tigers Lose To Yanks 4-1

LAKELAND, Fla. — (AP)—Detroit Tiger Manager Red Rolfe thinks pitcher Ted Gray looks "better than ever this spring."

And Teddy, hitherto a pretty wild young man with a thrown baseball, says his new pitching style may be the reason.

The little left-hander disclosed that he was following through more in his stride after releasing the ball.

Gray potentially could be one of the game's top pitchers. But wildness has hampered him.

He pitched the last three innings of yesterday's 4-1 loss to the world champion New York Yankees and gave up two runs, one unearned, and three hits. He walked two batters.

Rolfe planned to throw his oldest pitcher, Dizzy Trout, 36, and his youngest, Billy Hoelt, 19, against the Boston Braves here today. The Tigers play the Boston Red Sox at Sarasota Friday and the Cincinnati Reds here Saturday.

Mighty Duke Tests LaSalle

NEW YORK (AP)—Mighty Duquesne tests its 22-1 record against LaSalle's giant-killing explorers in the semi-final round of the National Invitation Basketball tournament at Madison Square Garden tonight.

Dayton, (26-3), surprise runner-up last year, meets third seeded St. Bonaventure (20-5) in the other semi-final. The two winners will go into Saturday's final with the losers meeting for third place.

None of the four ever won an NIT crown and this year's championship is of added importance since the winner qualifies for the Olympic trials starting in the Garden and Kansas City, March 29.

Duquesne, conqueror of Holy Cross in the quarter-finals whipped LaSalle by 11 points in Pittsburgh during the regular season. But supporters of the Philadelphia declared this is a different LaSalle team after seeing the explorers upset Seton Hall and fourth-seeded St. John's with two entirely different styles of play.

"LaSalle has the speed, height and manpower to stay with Duquesne," said Buster Sheary, Holy Cross coach.

12-Man Trojan Cage Team Leaves At 4:30 Today For Negaunee

A 12-man Trojan cage squad leaves at 4:30 this afternoon for Negaunee and the regional tournament opener against Munising tonight.

Driving in cars to the meet will be Bill Baker, Dick Cass, Pete Kutches, John Martinac, Bob Sendenburgh, Jerry McDonough, Don Legault, Jim Gravelle, Jim Zimmerman, Bill Maycunich, David Hirn and Tom Brien.

Game officials tonight will be Mortimer Eustace of Calumet and Larry Bishop of Ironwood.

classes will pit the St. Joe Trojans of Escanaba against Munising in a Class C clash at the Negaunee Memorial gymnasium tonight at 7 o'clock.

Following that game upset-minded Bessemer tackles the Houghton Gremlins in an 8:30 encounter. Winners will meet for the U. P. crown at 8:30 Saturday night.

Class B action opens in Houghton Friday night with the Manistique Emeralds facing Ishpeming at 7:30. The nightcap will pit the Escanaba Eskymos against the Ironwood Red Devils at 9. Winners tangle for the title Saturday night at 8.

No Defending Champs
The D tourney opens at Negaunee Friday with Pickford and Mass playing at 7 and Gwinn and Vulcan at 8:30. Championship game will be staged Saturday night at 7.

Class E contenders reach the end of the tournament trail at Crystal Falls. Friday night Nahma plays National Mine at 7 and Channing tests Marenisco at 8:30. Championship game is Saturday night at 8. Winner does not travel downstate in Class E.

There are no defending champions in the tourneys this season, but there are three runners-up. St. Joe lost to Soo Loretto, Gwinn was beaten by Brimley and Nahma lost to Michiganam last year.

Lawrence Tech Quarterfinalist

KANSAS CITY (AP)—Lawrence Tech of Detroit is pitted against favored Southwest Texas State in quarterfinals of the National Intercollegiate (NAIB) basketball tournament tonight.

Three-time champion Hamline is another best bet to take its match with Portland (Ore.) University.

Barring startling reversals in form, the first-seeded Hamline Pipers of St. Paul, Minn., and Southwest Texas' unbeaten Bobcats from San Marcos figure to wind up in the finals of the 32-game meet Saturday night.

Lawrence Tech moved into the quarterfinals by coming from behind to knock down Utah State 72-68 last night. Earlier Tech beat Memphis State 72-48.

Hamline coasted over Montana State of Bozeman, 85-72, in the four-game show before 8,000.

Southwest Texas outclassed New Mexico A. and M., 69-52, in one of the afternoon features. That gave the San Marcos team a season record of 26 successive victories.

Utah State led Lawrence Tech 39-38 through three quarters, then faded late in the game. That gave the Blue Devils a chance to move into a 68-61 lead with two minutes and 11 seconds left.

Center Werner Kellen paced Tech's attack with 10 field goals and three free throws. It was Lawrence Tech's 25th win of the season against two losses.

Capable Withworth (Wash.) College eliminated last year's finalist James Millikin of Decatur, Ill., 72-71, as lanky Ralph Polson pitched in 38 points. Withworth has Murray (Ky.) State as its quarterfinal opponent.

Morningside (Ia.) College upset of the tournament in dumping second seeded Western Illinois of Charleston, 98-93.

The champion of the tournament will meet the Western NCAA titlist in the first round Olympic playoffs at Kansas City March 29.

College Hockey Tourney Begins

COLORADO SPRINGS, Colo. (AP)—Four teams with a combined record of 69 victories in 88 starts this season are on deck for the fifth annual National Collegiate Hockey Tournament in the Broadmoor Ice Palace.

Michigan (20-4) raises the curtain against St. Lawrence (15-3) of Canton, N. Y., at 8:15 (MST) tonight. The second game tomorrow night matches Colorado College (18-4-1), playing on its home ice, with Yale (16-7), the Pentagonal League champion. The winners play Saturday night for the title.

St. Lawrence and Yale are brand new to this tournament but Michigan and Colorado College have played in all four previous meets. The Michigan Wolverines won the title in 1948 and again last year, Boston College carried it home in 1949 and Colorado College won in 1950.

Johnny Matchetts, Michigan center, was declared ineligible in midseason.

The tourney list includes the two remaining unbeaten teams, Gwinn with 20 straight and Nahma with 19. Both are favored to capture crowns this weekend. St. Joe, with a 16-2 mark, is regarded as top threat in Class C. The Trojans lost only to Gwinn and Escanaba this season.

Trojan Starters
Ishpeming brings the top record into the Class B tournament. The Hematites, who won Peninsula crowns in 1949 and 1950, have been beaten only once by Negaunee this season and twice by the Miners in their last 45 games. Manistique's 15-3 record is second best.

Coach Tom St. Germain's Trojans moved into the tourney finals

with district wins over Bark River and Norway. The Bessemer Speed Boys whipped through St. Ambrose, Stambaugh and Crystal Falls to get to the Negaunee meet.

Starting assignments for Trojans will go to Bill Baker and Dick Cass at forwards, Pete Kutches at center, John Martinac and Bob Sendenburgh at guards.

The Trojans, all past masters at fast basket making, have the leading scorer in the Upper Peninsula operating at the pivot. Kutches has scored 521 points in his 18 games for an over-all average of 28.9 per game. His total is only 46 short of the all-time high set this season by Norbert Puro, 6-8 center for St. Ambrose of Ironwood, in 20 games.

Arrows Seek 20th Win In Regional Opener Friday

NAHMA (Special)—Coach Harold "Babe" Anderson's Nahma Arrows will be seeking their 20th straight victory of the current cage campaign tomorrow night when they enter Class E championship tournament play at Crystal Falls against National Mine.

Starting for the Arrows will be Lawrence Seymour and Wendell Roddy at forwards, Paul Thibault at center, John Gereau and Cornelius Sochay at guards. Opening tipoff is slated for 7 (CST).

Reserves making the tournament trip will be Donald Groleau, Harold Hebert, Laverne Cayemberg, Duane Popour and Francis Pelletier.

National Mine, coached by veteran Pat Gleason, enters the tourney with a record of 17 wins and three losses this season. Two of the victories came over Grand Marais and Michiganam in district play last weekend.

Championship game at Crystal Falls will be staged Saturday night at 8 (CST).

Yankees Sign Young Detroit 1st Sacker

BOISE, Idaho (AP)—The world champion New York Yankees have announced the signing of John Allen Weygandt of Detroit. Weygandt, a first baseman, will join the Boise Yankees of the pioneer baseball league.

Regarded as a "top prospect" by the parent club, Weygandt is a Michigan graduate who hit .350 for Joplin, Mo., of the Western Association before being injured last year.

In This Corner

With Ray Crandall

Twenty years ago the basketball picture in Escanaba was much the same as it is today . . . At least in one respect . . . The Escanaba Eskymos and the St. Joe Trojans were both poised for Upper Peninsula championship tournaments . . . The Eskymos, coached by Carl Nordberg, had won the district Class B crown to earn the right to enter the regional tourney . . . St. Joe, coached then by Leo Brunelle, had lost to Norway in the district but in those days the runnerup also went to the regional . . . Both teams battled down to the wire before bowing out, the Eskys falling to Ishpeming by a 17-14 score and the Trojans losing to Lake Linden 24-17, both in championship games.

It might be interesting to jog your memories with the names in the box scores of those two games . . . Playing for the Eskymos were Leonard Anderson, George Labre, Roy Johnson, Leonard Baillargeon, Harry Monson and Wendell Erickson . . . Seeing action for the Trojans were Francis McGovern, John Harvey, Grant Larson, Phil Brazeau, Burt Sharkey and Fred Boddy.

One of Escanaba's all-time greats on the baseball diamond told us an interesting anecdote concerning the immortal George Gipp of Notre Dame . . . Bud Kessler, hard-hitting Escanaba first sacker, was traveling by train to Iron River to join Ed Nasser's Redlegs in a three-game series against a visiting Minnesota club . . . Enroute he met Gipp who was returning to his home in Calumet for the summer vacation . . . Bud invited the famous athlete, who was almost as renowned for his baseball ability as for his grid feats, to accompany him to Iron River.

The Redlegs were more than happy to have Gipp and Kessler both in their lineup . . . Gipp was sensational at the plate and in the field for the Redlegs . . . And at one crucial stage of a game he nearly broke up the contest . . . On third base with Kessler at bat, Gipp began inching his way toward home as the pitcher kept a wary eye cocked over his shoulder . . . Suddenly the hurler whirled from his southpaw stance and caught Gipp standing halfway between third and home . . . But Gipp had been dragging the bag with him all the time and refused to be called out . . . And Bud recalls that they never did pry him loose from third base.

Eskymo Mentor Lists Starters

Coach Steve Baltic today listed starting five and traveling squad for the Class B regional tournament test at Houghton tomorrow night.

Starting assignments were given to Paul Gunderman and Tom Smith, forwards, Paul Baldwin, center, Fred Boddy and Jim Heiden, guards. Smith was moved up to a starting position on the basis of his good work in the

district finals last Saturday night against Menominee.

Reserves making the trip are John Peterson, JoJo Johnston, George Bartley, Francis Artley, Con Michael, Bill LeMire and Pat McDonough.

The squad will leave by auto tomorrow morning around 9 o'clock. The Eskymos took a final workout yesterday afternoon on the Rock High School court, where glass backboards are similar to those at Houghton's Michigan Tech gym.

"The boys had a good practice session and worked well on the n wffloor," Coach Baltic said. "We hope to get a half-hour shooting drill on the Michigan Tech court tomorrow."

Emeralds Leave Today For Regional Tourney

MANISTIQUE—Twelve Manistique Emeralds accompanied by Coach Robert Hussey left this noon for Houghton where they will clash with the powerful Ishpeming Hematites at 7:30 p. m. (EST) Friday in the opening game of the regional Class B basketball tournament.

Players making the trip are Dick Lake, Don St. John, Bob McNamara, Paul Hinkson, Francis Ekdahl, Warren Wilson, Raymond Cummings, George Bouschor, George Hough, Gary Richards,

Jim Ketcik and Walter Scharstrom. Arrangements were made by Coach Hussey to have his men stop at Negaunee this afternoon.

Sugar Ray Puts Crown On Block

SAN FRANCISCO—(P)—Sugar Ray Robinson lays his middleweight title on the line tonight against Carl (Bobo) Olson for \$1. It will be Robinson's first title defense and first fight since he regained his crown from Randy Turpin six months ago.

Both he and promoter William Kyne donated their shares, less \$1 each, to the Damon Rayoun Cancer Fund. However Sugar Ray drew \$7,500 expenses.

Though Robinson has boxed only 15 rounds in training for the three-times posted contest, he will be a prohibitive favorite when the two step into the ring at 8:30 p. m. (11:30 EST). There will be no TV or radio broadcast.

Two years ago the two met in Philadelphia. Olson was flattened in the twelfth round.

Spartan Boxers Tackle Marines

EAST LANSING—(P)—Jed Black, NCAA welterweight champion, will get one of his toughest tests when the Michigan State boxing team meets the Quantico Marines here Friday night.

Black will be fighting Marine Pat Lowry, a seasoned ringman with 83 wins in 89 bouts. The tough little Marine has won 71 of his fights by knockouts.

Lowry has a long and imposing fight record. In 1947 he was national runner-up in the novice Golden Gloves championships. In 1948 he was runner-up again in the senior Golden Gloves fights.

In 1950 Lowry was North and South Carolina Golden Gloves champion and this year again was runner-up in the senior Golden Gloves division.

MSC's Chuck Spieser, NCAA light heavyweight champion, meets another Marine with a good record, Barrett Kiff, who ordinarily fights as a heavyweight, has sweated down for the bout. Kiff has 17 wins and five losses.

Gold Medal Cage Tourney Entry Deadline Extended To Monday

HERMANSVILLE—Deadline for entry in the huge Gold Medal basketball tournament here has been extended over the coming weekend, it was announced today by Glenn Fleetwood, tournament manager.

Strong fields in classes A and B have already begun forming and a host of additional entries will be accommodated before Monday, Fleetwood said.

Among the better-known teams already entered in Class A are Jug Girard's Peshtigo All-Stars, Negaunee Eagles, Republic Shooting Stars, Johnson's Sport Shop of

Marquette, Belvedere Tavern of Sault Ste. Marie, Peshtigo Unit Structures, Harnischfeger of Escanaba and others.

Al's Tavern
In Class B ranks are Al's Tavern of Escanaba, Ghiardi's of Negaunee, Stephenson Strollers, Nault's Bar of Ishpeming, Eben, Cooks Bombers and Vulcan Independent. All these quints are veteran clubs with long tournament experience.

Escanaba is expected to put at least two more teams into the tournament and among the other big names expected is the Stambough AA, one of Iron County's strongest cage quints. Ironwood will also have a team here.

The trophy list, headed by the Joe Redman Memorial trophy, will include four different individual trophies and 68 awards. The annual Gold Medal tournament is one of the biggest in the Northwest.

Team managers interested in entering may contact Fleetwood for blanks.

Second of a question-and-answer series written for NEA Service by Bean Reardon, who umpired in the National League for 24 years. Including six World Series and three All-Star Games.

By BEAN REARDON
24 Years in National League
NEW YORK—(NEA)—Q. What happened to Zack Taylor?

A. Last year's manager of the St. Louis Browns has signed to skipper Scranton of the Eastern League this season.

Q. How much did Detroit pay for Ty Cobb when he came up from Augusta, Ga., in 1904?

A. Frank Navin, Detroit owner for many years performed the greatest baseball buy in history when he paid out a paltry \$700 for the Georgia Peach.

Q. What would be the ruling if a player hit a home run, but fell dead running to first base?

A. The padded cells are crammed with stove leaguers who've gone nuts trying to solve that one. The rule says a batter who hits a fair ball over the fence or into the stands is entitled to a homer—"when he shall have touched all bases legally," i. e., in the proper order. Most umpires, however, would award the deceased a home run.

Hoppe Hands Out Billiards Lesson

SAN FRANCISCO—(P)—Willie Hoppe, the master cueist, gave one of his most persistent and dangerous challengers a heart breaking lesson in the World Three Cushion Billiard Tourney last night.

Joe Chamaco, 1939 world champ and three-time runner-up, staged a great 8 run rally in the 29th inning to take a 36-32 lead. He had fought a game uphill battle. His supporters—and a host of fans who like to see a champ knocked over—look heart.

But the great Hoppe cut the gap to 37-38 in the 34th inning. Then he drew prolonged applause with a long, reverse English tickle (cushion, ball, two cushions, ball) shot. That tied the score and started a 4 run. Two innings later he got a 46-38 lead and it was only a question of how many more innings. He closed it out 50-38.

Cubs Look Like Sure Bet; Not To Win Flag, That Is

By ED CORRIGAN
Associated Press Sports Writer
If there's any team in the National League that looks like a sure bet not to win the pennant, it is the Chicago Cubs. But Phil Cavarretta, a mild-mannered fellow, who is serving his second term as Bruin manager, isn't giving up, at least not yet.

At this early stage of the campaign, Cavarretta already has one "first" to his credit. He's the first major league manager to blast his squad for taking it easy. He's also the first to do something about it—and with the exhibition season hardly a week old.

Phil didn't like the way his team went down before the New York Giants Monday, and told the players so in no uncertain terms. Then he made up a new outfield combination of Jack Wallace, Bob Addis and Gene Hermanski.

Strategy Works

One game does not make a season, of course, but Phil's strategy worked yesterday to the extent that the hapless Cubs, who have been consigned to the senior circuit cellar by the critics, whopped the National league champion Giants, 10-2, in Phoenix, Ariz.

The New York Yankees, who have been playing as though they're in the middle of the pennant race, won their fourth game in five starts by whipping the Detroit Tigers, 4-1, behind three of their junior varsity hurlers—Bill Miller, Tom Morgan and Art Schallack.

For the Tigers, who have not looked good, it was their third defeat in four games. Art Houtteman was the loser.

The Yanks suffered the first major injury of the campaign when 22-year-old Billy Martin broke his right ankle sliding into second base for a cameraman. Martin was slated for utility infield duty, but he'll probably be out until May.

15 Inning Win
The St. Louis Cardinals and the Boston Red Sox played a 15-inning marathon, with the Cards winning out, 7-6, although Vern Benson got a twisted right knee and ankle for his efforts in the final frame. He singled and slid safely into second on a sacrifice. Herb Gorman then singled pinch-runner Larry Miggins home.

The Boston Braves outslugged the Cincinnati Reds, 7-5, and the St. Louis Browns edged the Chicago White Sox, 1-0, in an abbreviated five inning contest.

In night games, the Brooklyn Dodgers outslugged the Philadelphia Phillies, 10-9, and Cleveland and Pittsburgh had a game in San Diego called by rain in the fourth with Cleveland ahead, 2-0.

The Cincinnati "B" team shut out the Phils' scrubs, 1-0, in 10 innings.

Training Camp Briefs

BREAKS ANKLE

ST. PETERSBURG, Fla.—(P)—The New York Yankees today were minus one infielder—and a mighty important one. Young Billy Martin, who was slated to fill in at both second and third base, sustained two broken bones in his right ankle yesterday sliding into second for the benefit of a cameraman. He probably won't be able to play until May.

Even without the services of the 22-year-old Martin, the Yankees had no trouble crushing the Detroit Tigers, 4-1.

HEAVYWEIGHT

MIAMI, Fla.—(P)—As if he didn't have enough worries trying to pare some weight off catcher Roy Campanella, Manager Chuck Dressen of the Brooklyn Dodgers today found himself faced with another poundage problem—that of pitcher Chris Van Cuyk.

Van Cuyk weighs 230 pounds. The manager would like him to come down to 215.

"We work him harder than any pitcher on the squad, but he can't seem to take it off," Dressen said. "I guess he takes a drink of water after a workout and it sticks right to him."

ROOKIES GET CALL

SARASOTA, Fla.—(P)—The Boston Red Sox will use rookie pitchers again today in an effort to end their victory famine in the exhibition circuit against the Washington Senators.

Lou Boudreau has named Jim Atkins, Rolly Schuster and Al

Schroll to hurl against the Nats. The Soxers now have dropped four in a row, including yesterday's marathon 15-inning loss to the St. Louis Cards, 7-6.

SPAHN TO PITCH

BRADENTON, Fla.—(P)—It'll be veteran Lefty Warren Spahn and rookies Virgil Jester and Murray Wall pitching for the Boston Braves today when they travel to the Lakeland haunts of the Detroit Tigers.

The Tribe's exhibition record is 3-2 after yesterday's 7-5 verdict over Cincinnati.

CUBS GET HITS

MESA, Ariz.—(P)—The Chicago Cubs, fresh from a 10-2 victory over the New York Giants, play the National League pennant winners again today in the third game of their spring series. The Giants hammered the Cubs Monday, winning 15-3.

The one-sided victory yesterday at Phoenix, Giant training camp, resulted from a 15-hit Cub barrage off three New York pitchers.

SECOND STRINGERS

PASADENA, Calif.—(P)—Manager Paul Richards of the Chicago White Sox picked a lineup of mostly second stringers to meet the Pittsburgh Pirates today.

Nominated were: Dillinger, 3b; Zarilla, rf; Hoderlein, 2b; Robinson, 1b; G. Wilson, lf; Lollar, c; Nicholas, cf; Miranda, ss; Keriakos, Judson and Grimsley, p. The Sox lost 1-0 to the St. Louis Browns yesterday in a contest cut to five innings because of rain.

TRY TRICK KNEE

SAN DIEGO—(P)—Pennant-anxious Cleveland planned to give the oft-discussed trick knee of first baseman Luke Easter its first workout of the season under game conditions today.

Big Luke, who thinks he'll hit 40 homers if the knee holds up, has looked pretty spry since he took the brace off last week.

ONE-HITTER

BURBANK, Calif.—(P)—The St. Louis Browns retire to their regular training quarters today for an intrasquad game.

The Browns, in beating the Chicago White Sox 1-0 yesterday, got one-hit ball from pitcher Tommy Byrne.

WILD THROWS

TAMPA, Fla.—(P)—There was little joy around the Cincinnati Reds' spring training base today. The Redlegs lost a 7 to 5 ball game to the Boston Braves yesterday.

day but here were just a couple of things that added gray hairs to the head of Manager Luke Sewell.

Catcher Andy Seminick and third baseman Bobby Adams cut loose with wild throws—two of them by Seminick—that aided the Braves immeasurably.

FRACTURES LEG

ST. PETERSBURG, Fla.—(P)—A double fracture of the right leg has sidelined outfielder-third baseman Vern Benson of the St. Louis Cardinals.

Benson was injured yesterday as the Cards defeated the Boston Red Sox, 7-6, in a 15-inning exhibition game at Sarasota, Fla. Benson received his injury as he slid into second on Jay Van Noy's sacrifice in the final inning. Larry Miggins went in to run for Benson and scored the winning run on Herb Gorman's single.

ROOKIE GETS CHANCE
ORLANDO, Fla.—(P)—Mickey

Vernon's slowness in getting into playing form will give rookie first baseman Fred Taylor a chance to stay with the Washington Senators, says Manager Bucky Harris.

Taylor "isn't going to take Vernon's job, but he is going to stay with the ball club," Harris said yesterday.

Behind The Cross A Pledge: I Am My Brother's Keeper

By HAL BOYLE

NEW YORK—(AP)—The Red Cross is something the average man takes on faith, just as he does mother love or the wings of an airplane in which he flies.

Unless he is involved in a general calamity, he may never see at first hand what the organization does. But he trusts the goals to which it is pledged.

This year the Red Cross in America is trying to raise at least \$85,000,000 to carry out its widening program, which last year included the raising of 1,000,000 pints of blood.

Just what is the Red Cross? One of the most beautiful definitions was penned long ago by the late James A. Mills, famous Associated Press foreign correspondent. Jim Mills, who died ten years ago this month, roved five continents in quest of news and was once told by Mahatma Gandhi, "When I enter Heaven I expect to find you waiting to interview me at the gates."

As a young man Mills served with the Red Cross in seven European countries during and after the first World War. What he saw, then and later, of the organization's international work for the good of mankind led him to write the following tribute to it:

"I Am The Red Cross" "I am the Red Cross. I was born of the hearts of men. I am sustained by forty million souls. My mission is of mercy, kindness and charity. My bounds are the limits of the earth. I am my brother's keeper. I know neither color, race nor religion. My creed is the creed of service. My voice is the voice of the American people. My goal is the goal of a higher humanity."

My precept is the precept of God. My reward is the gratitude of the widow and orphan, of the strong and the sick of the happy and the bereaved.

"I go forth into the darkness of the night; into the uncertainties of the day. I penetrate the fields of battle. I defy the peril of shell and bullet. I lighten the horrors of the combat. I encourage and inspire the soldier. I give him a thousand comforts. I minister to those he has left at home. I claim the wounded from the battlefield; I bind their wounds and ease their sufferings. I mark the graves of the dead."

Foe Of Pestilence

"I eradicate epidemics. I am the foe of plague and pestilence. I mitigate the horrors of floods and fires and wrecks. I am the arch-enemy of calamities. I triumph over poverty, want and woe. I house the homeless. I feed the hungry. I clothe the naked. I protect the widow and the orphan."

"I am the friend and helper of all nations. My hand and heart encompass the globe. My legion-

Couldn't Sleep Couldn't Eat

Maybe you aren't very sick and yet you don't feel really well. Perhaps you suffer from headaches, indigestion, nervousness, gas and bloating, loss of sleep or lack of appetite. Frequently these symptoms are caused by constipation. When that's the case be smart and like Mr. Peter Bothen of Chicago, Illinois, take

Dr. Peter's KURIKO
Mr. Bothen states: "I suffered very badly from functional constipation and my bowel movements were not very regular. Since taking Kuriko when needed I feel much better. My appetite is improved and I can sleep at night." Gently and smoothly this time-proven laxative and stomachic medicine puts sluggish bowels to work and aids them to eliminate clogging waste matter; helps expel constipation's gas, gives the stomach that comforting feeling of warmth. Kuriko's amazing effectiveness is due to a scientific formula which combines 12 (not just one or two) of nature's medicinal herbs, roots and botanicals—a secret formula perfected over a period of 80 years. aires I send to the uttermost parts of the earth—across the threatened ocean, through war-swept territories, over infested lands. I am the sentinel of the health of the human race. My sympathy and succor are boundless. A dozen nations return me homage; a dozen potentates pay me tribute. The people of the earth offer me their prayers.

"My emblem is the cross—symbol of supreme charity and of the Savior of men. Before me, the enemy stays his hand and bows in reverence to my mercy. Behind me march ten million soldiers, with hearts for any fate. I challenge and triumph over death. My strength and struggles are for the living; my prayers and compassion for the dead."

"I am the saviour of life, the assuager of death. I am my brother's keeper. I am the Red Cross."

Cleanup Man Faces Quiz About Profits On Surplus Ships

By G. MILTON KELLY

WASHINGTON—(AP)—Newbold Morris, government cleanup man, took the witness chair today in a Senate investigation of profitable deals in war surplus ships and was promptly asked whether the White House arranged for a 1947 meeting he had with Maritime Commission officials.

Morris said he did not recall that the White House had any hand in the arrangements, but two Senators told him that later testimony will show it did.

"For your own protection" Sen.

McCarthy (R-Wis.) told Morris "You should be told the original appointment was made from the White House."

McCarthy and Sen. Mundt (R-SD) joined in a request that Morris "search your memory" about the 1947 meeting. Morris repeated that he recalled no White House help.

In weeks of hearings, the Senate investigations subcommittee has developed that a group of prominent persons, headed by ex-Rep. Joseph E. Casey, made 3 1/4 million dollars from an investment of

\$101,000 in surplus ships.

Morris was not among this group but his name has come repeatedly into the hearings. Two ships the Casey group bought were turned over to United Tanker Corp., a shipping concern which employed Morris' law firm as counsel. Tankers owned by this company, it developed, hauled oil to the Chinese Reds until about a month before the outbreak of the Korean war.
